## Army Ready To Launch Moonshot

New Space Probe To Follow Trail Blazed By Russia

CAPE CANAVERAL, Fla. — (UPI) — The Army is expected to hurl a gold-plated satellite into space on a scheduled flight to the moon and beyond before the week end is over.

The new space probe is due to follow generally a trail blazed by Russia's Lunik which Russia claimed became a satellite of the sun.

A great section of Florida, including the missile firing range area here, was under tornado alert Friday afternoon. However, two—an Army Jupiter and a Navy Polaris—were fired during the day beneath threatening skies. The latest forecast was for clearing skies by Saturday.

First Shot Went Astray

United Press International reported Jan. 27 that the next American moon rocket space probe would be on Feb. 28.

The new moon shot will be an attempt to send a 13-pound instrumented satellite generally on the same mission assigned to a short-lived predecessor. Bad aim and insufficient speed spoiled the earlier shot Dec. 6 and it turned back earthward, burning up, after it had reached a distance of 66,000 miles.

Mission of the new moon is to measure the radiation band around the earth, to measure cosmic rays and to test a so-called "optical trigger" that signals the earth when the moon comes in view of the satellite.

Should it function properly, the moon rocket will carry its cone-shaped satellite 221,000 miles to the vicinity of the moon in about 24 hours. It is then due to sail on out of the gravity of earth and moon, joining Russia's 3.245-pound Lunik as a second satellite of the sun.

76-Foot Tall

The assembled moon vehicle will be 76 feet tall, with a Jupiter serving as the first stage.

Friday's Jupiter firing got off without a boggle in a test of its nose cone, warhead, engine and fusing system. The Defense department called the flight a success.

Friday afternoon, the Navy sent a 28-foot Polaris on a scheduled 500-mile flight down the Atlantic tracking range, also in a re-entry test.

The Navy hoped to recover the rocket's warhead protector, shaped like the nipple of a baby bottle, to determine how it withstands a fiery return to the earth's friction.

## Strikebound Paper Is Sold

ST. LOUIS, Mo. (UPI) — The strikebound St. Louis Globe-Democrat Friday sold its building and all its mechanical contents to the Pulitzer Publishing Co., publishers of the competing St. Louis Post-Dispatch.

Globe - Democrat Publisher Richard H. Amberg said the newspaper would be printed on Post-Dispatch presses if and when a strike by 332 St. Louis News-Guild employees is settled, bankbook.

## Gunmen Pull Wild West Style Holdup Of Bus

By EUGENE MCLOUGHLIN SECAUCUS, N. J. (UPI) — Two robbers staged a Wild West style holdup of a bus carrying 58 other man strode down the aisle, commuters home from Manhattan and collected money from the New Jersey Friday. The gun-pasengers, who dropped the loot men escaped on foot with \$661.

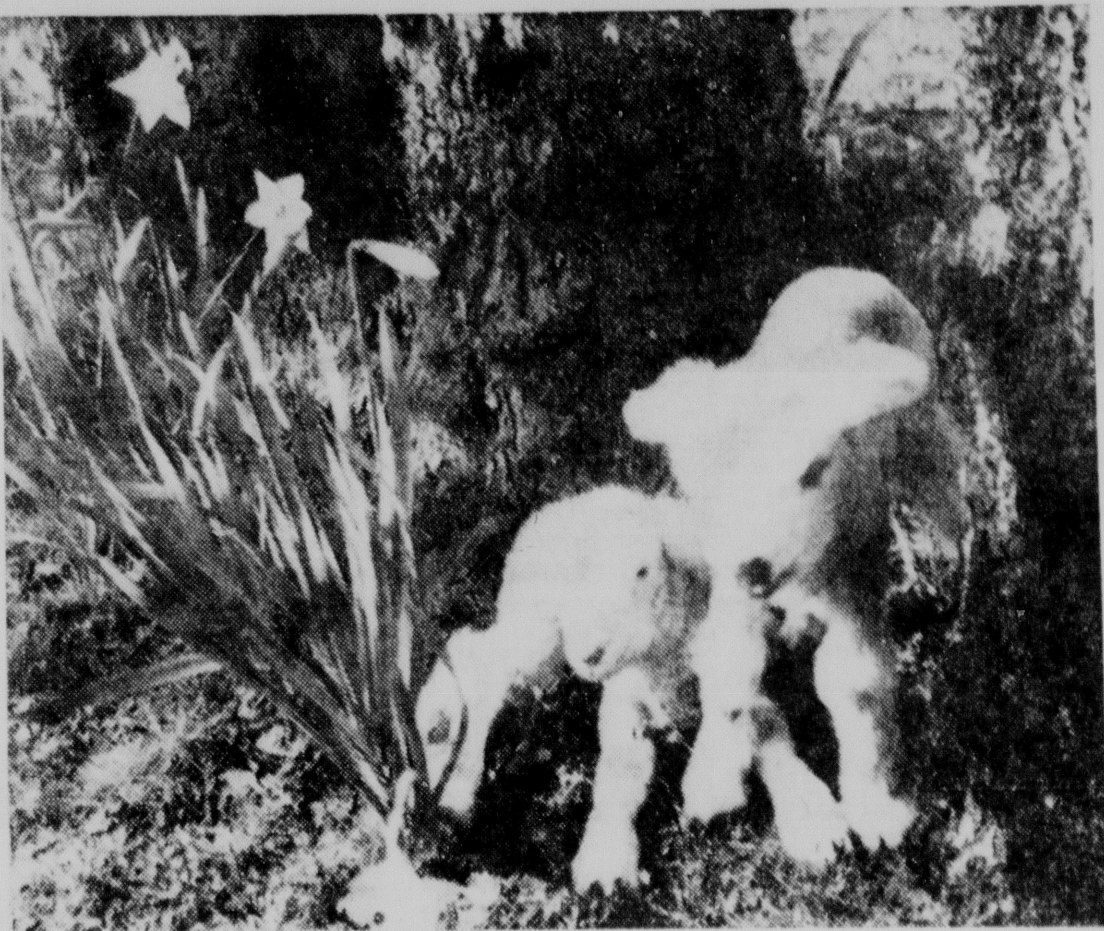

I had a ringside seat for the holdup, halfway back in the bus, three children.

The gunmen drew 45-caliber automatics just as the bus left the New Jersey end of the Lincoln Tunnel.

"This is a holdup," yelled one of the men. "Everybody keep quiet. Don't anybody move."

## U.S. Does Not Apologize For Ship Boarding

WASHINGTON (UPI) — The United States sent Russia a note Friday formally advising the Kremlin that U.S. sailors had presidential nominating convention-boarded a Soviet fishing trawler, but only after a five-hour wrangle.

The note, which went to the American Embassy in Moscow for relay to Russian leaders, was based on a preliminary report from the destroyer Roy O. Hall, which placed the five-man party aboard the Soviet ship, the Novorossisk.

The boarding action was taken Thursday on direct orders from Washington to check whether the Russian boat had damaged U.S. transatlantic cables.

The Hale's skipper, Lt. Cmdr. E.J. Korte, said the boarding party found no evidence that the Russians were doing anything other than fishing. Korte was to make a full report sometime after the ship returned Friday night to Argentina, Newfoundland.

In Moscow, the official Soviet news agency Tass accused the United States of an illegal act. A headline on a Tass story of the incident said: "an unlawful action of the American naval fleet in the open sea."

The body of the story was completely factual. Likewise, the Moscow Radio made its first reference to the boarding by broadcasting in its home service a United Press International dispatch on the incident.

It was the first indication from Moscow to indicate whether the Kremlin viewed the boarding as a cold war incident or as a routine move under an 1884 international treaty designed to protect under-sea cables.

NEW YORK (UPI) — Irving Binder, 47, was arrested Friday on charges of obtaining \$2,000 from a bank through use of a stolen paper Guild employees is settled, bankbook.

## Demos Pick Site: Convention Is Set For Los Angeles

WASHINGTON (AP) — Demonstrators settled Friday on Los Angeles as the site for their 1960 Chicago, accused Butler of taking "jet-speed" action to seal the voice vote against selection of the Illinois city.

Butler challenged Daley's contention that at a meeting of the site subcommittee here in December Chicago had bid \$325,000 for the convention and had said the national committee could have this amount in cash if it desired.

Butler said he had had dinner with Daley on Dec. 5 and that Daley said Chicago's offer was \$250,000 in cash at that time. Daley replied that Chicago had communicated its offer to the committee in a Jan. 10 letter.

Los Angeles' offer to the committee included \$350,000 in cash, plus an estimated \$100,000 expected to be raised by a \$100-a-plate party dinner immediately before the convention opens.

The 1956 convention was held in Chicago.

Republicans, who met in San Francisco in 1956, have not chosen their 1960 site. Chicago and Philadelphia are regarded as the leading contenders.

## African Riot Broken Up

BLANTYRE, Nyasaland (AP) — Security forces broke up an African demonstration with guns and tear gas near Blantyre Friday. One African was killed and two others were wounded in this latest burst of native nationalism now erupting.

In Southern Rhodesia, the British rounded up scores of African nationalists and hustled them off to barbed wire encampments. Quiet was reported in Northern Rhodesia which, with Nyasaland and Southern Rhodesia, makes up the British Commonwealth central about conditions on its surface.

There were rumblings of trouble in Nyasaland began when 200 Africans gathered outside the courthouse at Chigaru, 30 miles south of Blantyre.

The crowd demanded the release of two African National party officials on trial inside.

Security forces ordered the crowd to disperse. When they refused to budge, the soldiers opened up with tear gas, then four rounds of rifle fire.

British authorities said the trouble in Nyasaland began when 200 Africans gathered outside the courthouse at Chigaru, 30 miles south of Blantyre.

## Tass Calls U.S. Action "Unlawful"

MOSCOW (UPI) — The official Soviet Tass news agency Friday night described the boarding of a Russian fishing boat by the U.S. Navy as "an unlawful action."

The Tass comment came in a headline which read: "An unlawful action of the American naval fleet in the open sea."

Moscow Radio made its first reference to the boarding of the Soviet trawler Novorossisk by the U.S. destroyer Roy O. Hale off in its cabinet. He said the "imperialists" and international-known "rascals" were attempting to create differences among us for their own benefit.

## Berlin Fuse Sputters To Halfway Mark

Three Months Pass Since Khrushchev Issued Ultimatum

BONN, Germany (AP) — Three months ago to the day, Soviet Premier Nikita Khrushchev lighted the fuse to the dynamite-laden issue of Berlin.

The fuse sputters angrily now, the halfway point in the six-month breathing space Khrushchev gave the Western Big Three to accept his formula for West Berlin.

The formula: The Soviet Union is dissolving the World War II four-power agreement for occupation of Berlin. The U.S., British and French garrisons must get out of Berlin, 110 miles behind the Iron Curtain. West Berlin must become an unarmed, so-called free city, under some sort of U.N. supervision.

Escape Hatch

The Soviets want all Berlin incorporated into Communist East Germany. West Berlin is an escape hatch for East Germans fleeing Red rule. Economically booming West Berlin is a bright capitalist island in a drab Communist sea.

The Soviets say that by May 27 they will end their role as joint occupiers of Berlin and turn over all rights and responsibilities to the East Germans.

The Soviets say that the Western powers then will have to deal with the East Germans on the supply routes to Berlin.

The West does not want to do this. It considers East Germany a Soviet puppet and refuses to recognize the regime. But in the Allied capitals it is well-recognized that to refuse to deal with the East Germans might mean war.

Will Be Rebuffed

The Soviets have said any attempt by the West to force its way to Berlin would be "resolute" and "rebuffed." They have remarked that their 22 divisions are not in East Germany just to play games.

The West is therefore faced with two alternatives: Knuckle under in some way and allow the East Germans to regulate the flow of supplies to Berlin or refuse to knuckle under and force its way to Berlin.

Many Western leaders, particularly in the United States, fear the eventual loss of their position in Berlin if they start dealing with the East Germans.

Other leaders, notably in Britain, would prefer to take the position that the East Germans are only agents of Moscow.

## Dulles Visited By President

WASHINGTON (UPI) — President Eisenhower paid another call on Secretary of State John Foster Dulles Friday as a top GOP legislative leader cautioned Congress against "dangerous" dabbling in the Berlin crisis.

Eisenhower drove to Walter Reed Army Medical Center Friday afternoon to visit Dulles, who earlier received a telephoned "rundown on international affairs" from his special assistant, Joseph N. Greene Jr. The briefing presumably covered the Berlin situation.

The President spent about 30 minutes with Dulles. White House Press Secretary James C. Hagerty said he believed they discussed Berlin.

Dulles, who showed every intention of resuming full command of U.S. foreign policy, also received his seventh radiation treatment for the abdominal cancer which forced him to surrender day-to-day operation of the State Department to subordinates.

## Housewife Challenges Paris Dish-Washer

PARIS (AP) — A middle-aged French housewife indignantly challenged a dish-washing machine at the Paris Household Arts Show. It was priced \$360 and promised to do the dishes for five people "in a flash."

"With all the time you spend putting the dishes in and cleaning the machine," she said, "I'm sure I can do it quicker by hand."

The demonstrator-salesman declined her offer to prove it.

## Navy Shipyard Rioters Halted By Tear Gas

VALLETTA, Malta (UPI) — Riot police used tear gas Friday against thousands of Maltese workers who stoned a British admiral and set huge fires in the sprawling British navy shipyard to protest dismissal notices.

Rioters also were reported to have tried to set fire to three British warships after cutting their mooring lines.

The fires caused extensive damage in the yards. Flames could be clearly seen from the center of Valletta, across the bay.

The rioting lasted about an hour. The men then went back to work and were sent home at the usual quitting time.

The demonstrations erupted after 6,000 shipyard workers received notices in their pay envelopes advising them that the Admiralty could not employ them after March 29.

Workers streamed out into the yard, according to eyewitness reports, and began jeering at shipyard officials. Then stones began to fly. Adm. J. Lee Barger, superintendent of the yard, was hit several times before finding shelter in an office.

A police riot squad was called in and was met with a barrage of stones, bolts and other missiles. Some 2,000 workers surrounded the police force and a call was sent for reinforcements.

A second squad of 200 policemen, wearing gas masks, steel helmets and shields, responded. Using tear gas bombs, they charged the rioters who retreated with stones before retreating. Then someone set fire to a store. Sparks showered a fire engine and it caught fire. Other cars and buildings in the vicinity went up in flames.

Several British warships, including the aircraft carrier Centaur, were undergoing refitting in the yards.

## Street Hissing Bothers Residents

DETROIT (AP) — River Bank, a residential street in suburban Lincoln Park, is blowing bubbles. The people don't like the eerie hissing sounds caused by air gurgling through puddles of melted snow. They say the street's gone crazy.

But they'll have to put up with it until late spring. A quarter-mile long water tunnel is being built 50 feet under River Bank street.

Workers pump air into the tunnel to clear out sulphur gas pockets. The air comes out through cracks in the street and sidewalks.

## Tracy "Runs"

AMSTERDAM, Holland (UPI) — Movie actor Spencer Tracy "ran" for parliament Thursday, but the campaign was brief. A film company exploiting his picture "The Last Hurrah," in which he plays a politician, pasted up "Vote of producing crops" signs beside parliamentary candidates' ads. City officials quickly had them removed.

## Says Soviet Must Strive For Peace

Minister Abandons Hope Of Obtaining Berlin Agreement

KIEV, Ukraine (AP) — British Prime Minister Harold Macmillan declared Friday night his Kremlin talks were "a valuable preparation for wider international negotiations which must follow." But he said the Soviet Union must show it is ready to reach fair agreement if it really wants peace.

Sources close to the British delegation said Macmillan has abandoned hope of bringing East and West closer together on the Berlin crisis in view of Soviet Premier Nikita Khrushchev's uncompromising stand.

There was an echo of his meeting with Khrushchev in the Kremlin as Macmillan rose to toast Ukrainian Premier N. K. Klachenko at a formal dinner ending his visit to Kiev, Ukrainian capital.

Work For Peace

"It is not enough to wish for peace or even to talk about it," Macmillan said. "It is the duty of all countries to work for it."

"Of course difficulties or misunderstandings arise between nations. When they do it is the duty of statesmen to do all they can to remove them and to frame their policies in such a way as to lessen international tension."

Macmillan said he believed differences should be settled by negotiations "but such negotiations must be based on knowledge gained by full discussions and conducted with a genuine desire to reach fair agreement."

"Of this at least I am sure. If by successful negotiations we could settle some, at least, of the outstanding differences between nations and if we could thereby dispel suspicion and the fears of war, people all over the world would then be able to bend their energy increasingly to the constructive paths of peace," he said in conclusion.

"Tough Line" Anastas I. Mikoyan, Soviet first deputy premier, contended Friday night that Macmillan took a "tough line" in his talks with Khrushchev.

Radio Moscow quoted Mikoyan as saying that "When the talks turned to the peace treaty with Germany and the Berlin question, the Prime Minister had assumed a tough line, possibly weighed down by his Allied commitments."

A final meeting between Macmillan and Khrushchev is scheduled for the Kremlin next Monday. But it is expected to be confined to drafting a communique expressing a general desire for trade and cultural relations.

Macmillan flies to Leningrad Saturday.

## Still Has Convicts

UNITED NATIONS (AP) — St. Helena, the lonely South Atlantic prison island where Napoleon Bonaparte died in 1821, still flourishes with convicts. The British, reporting to the U.N. on dependent territories, told of a new prison established there in 1956, making a total of two.

## Wheat To Rise

WASHINGTON (UPI) — The Agriculture Department estimated today that wheat carryover on July 1 will rise to a record 1.1-one-half mile north of the dam, 235,000,000 bushels and shoot up which crosses the Susquehanna another 200,000,000 bushels next year.

## Rebel Farmer May Face Crop Bans In Australia

WASHINGTON (AP) — A Michigan farmer who says he's going to emigrate to Australia to escape federal crop controls was told Friday he might face Australian government farm restrictions when he got there.

"I'll look into that," said Stanley Yankus, 40, after Rep. Wint Smith (R-Kan.) suggested Yankus would have to sell all the wheat he grows there to the Australian government under that nation's laws.

The lanky Yankus, who runs a 100-acre farm at Dowagiac, Mich., told a House Agriculture subcommittee he is unable to stay in business in this country because of what he called harassment by "bureaucrats in the Department of Agriculture."

Federal interference has ruined his thriving egg business, Yankus said, and has caused him to be penalized for "the strange crime of producing crops."

quiet. Don't anybody move."

While one trained his gun on the bus driver, Julius Nagy, the other man strode down the aisle and collected money from the passengers, who dropped the loot into a small brown duffle bag.

Among the bus passengers were three children.

Most of the passengers tossed in from \$5 to \$10 as the gunman walked up the aisle. The robber was nervous, and he passed some passengers without stopping to collect. But he didn't pass me by. He got the \$6 I had loose in my pocket.

Steve Corky, of Caldwell, N.J., took the biggest loss, \$143.

Both robbers were wearing raincoats with the collars pulled up over the lower part of their faces. They appeared to be from 25 to 30 years old.

The two gunmen had a brief confab in front of the bus after collecting the money while the bus was still moving.

The gunmen then ordered Nagy to pull the bus slowly to the curb and stop. They got out and ordered Nagy to drive on. They walked calmly into a side street and vanished.

Demos Pick Site:  
Convention Is Set  
For Los Angeles

WASHINGTON (AP) — Democrats settled Friday on Los Angeles as the site for their 1960 presidential nominating convention, but only after a five-hour wrangle.

The Democratic National Committee rejected competing bids of Philadelphia and Chicago for the convention scheduled to open on July 11, 1960.

Clashes between National Chairman Paul M. Butler, Mayor Richard Daley of Chicago and Gov. A. B. (Happy) Chandler of Kentucky marked a series of defeats for insurgents who sought to overturn the choice of Los Angeles by the national committee's site subcommittee.

In the showdown, the national committee voted 71-35 to accept the subcommittee's choice, Camille F. Gravel Jr. of Louisiana, who headed the site subcommittee, said the party would receive about \$750,000 in benefits from Los Angeles.

Chicago's bid for the convention was defeated on a voice vote. Gov. David Lawrence of Pennsylvania also moved to pick Philadelphia.

Republicans, who met in San Francisco in 1956, have not chosen their 1960 site. Chicago and Philadelphia are regarded as the leading contenders.

Charges include sabotage, illegal possession of weapons, resisting farm collectivization, distributing anti-Communist leaflets and teaching sedition in Roman Catholic churches and seminaries.

Beck Sentenced  
To 5-Year Term  
Ex-Teamster Head Fined \$60,000

TACOMA, Wash. (AP) — Millionaire ex-Teamster President Dave Beck was sentenced to five years in prison and fined \$60,000 for tax evasion Friday by a judge who said exposure of Beck's "insatiable greed is a shocking story."

TESTIMONY—Stanley Yankus Jr., Cass County, Mich., farmer tells a House Agriculture Subcommittee he is moving to Australia to escape Federal interference. He says acreage restrictions have virtually put him out of business. (AP Photofax). (See story at bottom of page).

U.S. Dist. Judge George H. Boldt denounced the pudgy 64-year-old former Teamsters' union president as a man who "cheated every last humble American" by evading \$240,000 of income taxes.

The judge assessed Beck \$10,961.32 court costs and ordered him to produce the \$70,961.32 total of fines and costs Friday to avoid going to jail.

On Each Count

Beck was sentenced to five years on each of six counts and fined \$10,000 on each count. The prison terms are to run concurrently. It was the maximum fine, but the ex-labor leader could have been sentenced to a total of 30 years imprisonment.

In midafternoon Beck posted the \$70,961.32 and was released by the U.S. marshal's office.

Beck told newsmen:

"I have a great and firm belief in our judicial system. I am not the first innocent person to be sentenced nor will I be the last."

Judge Boldt quickly denied Beck a new trial, without even permitting his attorney to argue for it. The defense has announced it will appeal "all the way."

Beck was jaunty and smiling as he entered court.

During the judge's 20-minute denunciation of him, Beck shifted his feet and clinched and unclenched his hands.

Plundered Union

"Mr. Beck," said the judge, "plundered his union, his intimate associates and in some instances his personal friends, most of whom quite readily would have given him anything he asked."

Beck, who rose from laundry truck driver to head of the nation's largest union, could have had a thrilling and inspirational success story, the judge said.

Mr. Beck cheated every last humble American who pays income taxes by attempting to evade his personal taxes and thus cast his share of the tax burden on his fellow citizens — the vast majority of whom are infinitely less able to bear tax burdens than the high-salaried defendant."

Beck also has been sentenced to up to 15 years in prison on a state charge of grand larceny in the \$190,000 sale of a union-owned Cadillac. The State Supreme Court will hear arguments March 25 on Beck's appeal in this case.

'Copter Crash  
Fatal To Four

CONOWINGO, Md. (AP) — Four men were killed in the crash of a helicopter near the Conowingo Dam late Friday afternoon, including two engineers of the Philadelphia Electric Co.

A spokesman for the company identified the engineers as Elmer Klapper and Victor Hanse, both of Philadelphia.

The other victims were Robert Turner of Conowingo, an engineer for Susquehanna Power & Light Co., and Bill Meier, the pilot. Meier was employed by the Delaware Valley Helicopter Co.

State Police said the helicopter crashed at Hopkin's Cove, about one-half mile north of the dam, 285,000,000 bushels and shoot up which crosses the Susquehanna River in northeast Maryland.

Street Hissing  
Bothers Residents

DETROIT (AP) — River Bank, a residential street in suburban Lincoln Park, is blowing bubbles. The people don't like the eerie hissing sounds caused by air gurgling through puddles of melted snow. They say the street's gone crazy.

But they'll have to put up with it until late spring. A quarter-mile long water tunnel is being built 50 feet under River Bank street.

Workers pump air into the tunnel to clear out sulphur gas pockets. The air comes out through cracks in the street and sidewalks.

Minister Abandons  
Hope Of Obtaining  
Berlin Agreement

KIEV, Ukraine (AP) — British Prime Minister Harold Macmillan declared Friday night his Kremlin talks were "a valuable preparation for wider international negotiations which must follow." But he said the Soviet Union must show it is ready to reach fair agreement if it really wants peace.

Sources close to the British delegation said Macmillan has abandoned hope of bringing East and West closer together on the Berlin crisis in view of Soviet Premier Nikita Khrushchev's uncompromising stand.

There was an echo of his meeting with Khrushchev in the Kremlin as Macmillan rose to toast Ukrainian Premier N. K. Klachenko at a formal dinner ending his visit to Kiev, Ukrainian capital.

Work For Peace

"It is not enough to wish for peace or even to talk about it," Macmillan said. "It is the duty of all countries to work for it."

"Of course difficulties or misunderstandings arise between nations. When they do it is the duty of statesmen to do all they can to remove them and to frame their policies in such a way as to lessen international tension."

Macmillan said he believed differences should be settled by negotiations "but such negotiations must be based on knowledge gained by full discussions and conducted with a genuine desire to reach fair agreement."

"Of this at least I am sure. If by successful negotiations we could settle some, at least, of the outstanding differences between nations and if we could thereby dispel suspicion and the fears of war, people all over the world would then be able to bend their energy increasingly to the constructive paths of peace," he said in conclusion.

'Tough Line'

Anastas I. Mikoyan, Soviet first deputy premier, contended Friday night that Macmillan took a "tough line" in his talks with Khrushchev.

Radio Moscow quoted Mikoyan as saying that "When the talks turned to the peace treaty with Germany and the Berlin question, the Prime Minister had assumed a tough line, possibly weighed down by his Allied commitments."

A final meeting between Macmillan and Khrushchev is scheduled for the Kremlin next Monday. But it is expected to be confined to drafting a communique expressing a general desire for trade and cultural relations.

Macmillan flies to Leningrad Saturday.

Still Has Convicts

UNITED NATIONS (AP) — St. Helena, the lonely South Atlantic prison island where Napoleon Bonaparte died in 1821, still flourishes with convicts. The British, reporting to the U.N. on dependent territories, told of a new prison established there in 1956, making a total of two.

Rebel Farmer May Face  
Crop Bans In Australia

WASHINGTON (AP) — A Michigan farmer who says he's going to emigrate to Australia to escape federal crop controls was told Friday he might face Australian government farm restrictions when he got there.

"I'll look into that," said Stanley Yankus, 40, after Rep. Wm. Smith (R-Kan.) suggested Yankus would have to sell all the wheat he grows there to the Australian government under that nation's laws.

The lanky Yankus, who runs a 100-acre farm at Dowagiac, Mich., told a House Agricultural Subcommittee he is unable to stay in business in this country because of what he called harassment by "bureaucrats in the Department of Agriculture."

Federal interference has ruined his thriving egg business, Yankus said, and has caused him to be penalized for "the strange crime of producing crops."

## Crime Commission Receives Backing

ANNAPOLIS (AP)—Proposals the House are aimed at plugging were made to the Maryland Legislature Friday for creating a state-wide crime investigation commission and tightening bootlegging laws.

Del. Friedman (D-Balto 4th) suggested the creation of a five-man commission with broad powers to investigate "any matter concerning the public peace, public safety and public justice."

The proposed state commission of investigation would have the right to conduct public or private hearings and subpoena witnesses and records.

The commission would investigate the enforcement of State laws "with particular reference... to organized crime and racketeering." It would also check on the conduct of public officers and employees and would assist the governor in removing those guilty of misconduct.

## Hoax Causes Chaos In London Station

LONDON (UPI)—A hoaxer caused five hours of chaos in London's Victoria Station Thursday night with a telephoned warning that a radioactive parcel had been left in the luggage check-room by mistake. Police sealed off parts of the station and a scientist from the atomic energy authority with a geiger counter searched. Crowds of shouting passengers tried vainly to get their baggage. Finally, at midnight, a senger Ukraina turbo-prop aircraft in a brown parcel was found, but it was not radioactive. The Police concluded the whole thing was a hoax.

## Refund Bill Near Passage

ANNAPOLIS (AP)—The Maryland House of Delegates is rushing toward passage a bill guaranteeing that utility companies will make refunds if their rates are held excessive.

The bill introduced Tuesday by Del. Gallagher (D-Balto 2nd) was approved by the House Friday and probably will be passed early next week.

It arises from a current case in court in Baltimore City. The court had ruled that the Baltimore Gas & Electric Co. was granted \$2,428,000 too much in rate increases by the public service commission last August 1.

## Reduced Work Schedule May Be USW Issue

By JOHN MOODY

PITTSBURGH, Pa. (AP)—David J. McDonald, president of the United Steelworkers Union, talked with enthusiasm Friday about workers spending less time in mills. But he said the USW policy makers must decide if reduced work schedules would not entirely solve the unemployment problem in the steel industry. He said technological changes have replaced many workers.

McDonald, at a special news conference, said even reduced work schedules would not entirely solve the unemployment problem in the steel industry. He said technological changes have replaced many workers.

The gray-haired labor leader warned quickly to the subject of a shorter work schedule when asked by newsmen what he considered a solution to unemployment.

The USW, he said, has for several years been advocating an extended leave plan. He said the plan would permit workers to take a three-month vacation with pay every five years.

Such a program, McDonald said, would cost the steel industry about 12 cents an hour for each worker. He said reduced work weeks, or fewer hours each day, would be more expensive for the steel companies.

McDonald said he has no current figures on unemployment in the steel industry but said as of Jan. 1 of the USW 1,250,000 member there were 319,000 not paying dues. Members working less than five days a month do not pay dues, he said.

The extended leave plan, McDonald said, would probably create another 25,000 to 30,000 jobs in the steel industry.

McDonald told newsmen that the union's Wage Policy Committee, and it alone, could decide what goals the union will seek when contract negotiations open.

The committee, he said, will be called to meet soon.

Delegates to the union's convention last year suggested the committee adopt as goals reduced working schedules, higher pay and other improvements.

Current contracts with basic steel firms expire June 30. Steelworkers now earn an average hourly wage of \$2.95.

## Teacher Invited To Visit Tokyo

TOKYO (UPI)—Mrs. Elizabeth Gray Vining, the Quaker teacher who tutored Crown Prince Akihito in English for four years, will visit Tokyo for the April wedding of the Prince and Miss Michiko Shoda, the newspaper Sankei reported Friday. Because of strict palace protocol, the Philadelphia teacher will not be on the guest list for the wedding ceremony, but she will meet the Prince and his bride at parties following the ceremony.

## Honor Student Is Charged In House Burglary

TOWSON, Md. (AP)—A 31-year-old electronics school honor student was charged with the \$13,850 burglary of a Pikesville home two weeks ago. And police say the man, Norman Neal German, is being questioned about many more house burglaries in the northern Baltimore area.

German also was charged with carrying a concealed weapon. Officers said he was carrying a .22 caliber revolver when they arrested him Tuesday night.

Police Capt. E. F. Adams said German's apartment was stacked high with television sets, typewriters, lamps and other articles reportedly stolen from North Baltimore homes since last October.

Also recovered in the apartment, he said, was \$750 in cash, of which \$500 was in nickels and dimes supposedly taken from piggy banks and the like.

In the Pikesville burglary, the residents, Mr. and Mrs. Isadore Kay said the burglar took jewelry, cash, furs and household goods valued at \$13,850.

## Sun Is Cited For Contempt

BALTIMORE (AP)—The Baltimore Sun was cited for contempt by the three Criminal Court judges Friday in connection with the publication of a picture of four witnesses called before the grand jury.

Judges Joseph Allen, Edwin Harlan and Joseph R. Byrnes signed an order directing the A. S. Abell Co., publishers of the Sun papers, to show cause by March 16 why the newspaper and three employees should not be held in contempt of a court order forbidding pictures in the courthouse.

The three named were Managing Editor Charles H. Dorsey Jr., City Editor Paul Banker and Photographer Ellis Malashuk.

The picture published by the Sun showed four women whom the newspaper described as young mothers summoned as witnesses before the grand jury considering evidence in a reported baby black-market operating between Baltimore and New York. The four did not appear before the grand jury, the Sun said.

Three of the women had their backs turned toward the camera, and the fourth held a coat in front of her face.

ANNAPOLIS (AP)—Proposals the House are aimed at plugging loopholes in laws relating to possession of untaxed alcoholic beverages.

A fifth proposal would put the Maryland Alcohol Tax Enforcement Unit on a par with most other State agencies by removing a provision of the law which restricts it to seven officers and employees.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	25	31-46
Monday	Matthew	12	22-50
Tuesday	Matthew	13	1-23
Wednesday	Matthew	13	24-52
Thursday	Mark	5	1-20
Friday	Mark	5	21-43
Saturday	Mark	6	1-13

Is this lighthouse built on sand? Seemingly so! All you can see at its base is sand.

Actually this towering structure is built on rock. Underneath these dunes of sand is a rocky ledge, firm and enduring. The sand may be carried away by sea or wind, but this lighthouse will stand secure. There's a rock, a firm foundation, underneath!

Some people look at the Church and see only sand. They see the shifting sands—of custom—and fashion—and passing personalities pile up and wash away around the Church. "Why is it still standing?" they ask—for they see only sand.

The Church would have fallen long ago were it built on anything so fickle as fashion, so casual as custom, so impermanent as mere people. The Church is built on rock, firm and enduring. It will stand secure for all ages, shedding light and imparting strength to all who are guided by it. It stands on the "Rock of Ages," the divine personality of Jesus Christ and His message of hope for all mankind.

# BUILT ON SAND?

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## More Immigration Into Israel

In addition to flaying the state of Israel generally, the Arab League Council meeting at Cairo on Monday will undoubtedly lambast specifically the Israeli policy of abetting more immigration. Three million more immigrants into Israel are planned eventually, charged a Cairo newspaper, "Al Ahram," on February 16.

In the past decade alone the Ben-Gurion regime has welcomed over 920,000 newcomers. Yet 3,500,000 or more Jews remain under varying degrees of restraint in Soviet Russia.

Why does Israel admit so many new co-religionists despite its admitted trouble in assimilating many of the old ones? Well, for one thing the Israelis were outnumbered 50 to 1 by Arabs in the neighboring states when the Jewish state was founded 11 years ago. Today that ratio is down to only a little over 20 to 1.

Also, the quality of the new manpower for Israel is reported high. Nearly one-fifth of the newcomers are members of the liberal professions, and another fifth are skilled workers. Indeed, so many doctors have been entering that the government is said to be encouraging some of them to relocate elsewhere.

## English Sea Scouts Seek Cannon Balls

When older men were boys, the word cannon-ball was in fairly common use, even though usually confined to books written by the late G. A. Henty — including "Under Drake's Flag," "With Lee in Virginia," "With Roberts in Pretoria" — and other exciting reconstructions of historic derring-do.

Right now, though, in the dawning nuclear age of guided missiles, and unusual "export order" for 400 cannon-balls has reached Cmdr. A. J. Cobham, RN, scoutmaster of the Portsmouth Sea Scouts of the great naval base of Portsmouth, England.

For two years Commander Cobham and his scouts have been retrieving old cannon-balls from the mud of the upper reaches of Portsmouth harbor. So far they have found about 70.

### Our Ailing Officials

The tremendous advances that have been made in the medical and bio-chemical sciences would be purposeless if life were not prolonged by them and if those who are stricken by serious illnesses could not continue to work. The man who suffers what used to be called a fatal heart attack may have many years of life and work ahead of him, if he obeys dietary and other instructions. His major problem is to ration his time and to avoid fatigue. He need not give up his career to accomplish either.

Cancer is a bit more difficult, but the word, cancer, is a generic term for a number of related illnesses which may, in the not too distant future, become unrelated as the cause for some of them is fixed. However, many forms of cancer are handleable in certain stages and then one can go back to work.

I have had a coronary occlusion which is a fancy name for one form of heart attack, two other incidents, one of which was heart failure, and a cancer of one kidney. I am doing as much work as ever but my time is more carefully rationed and my diet is both small and unpleasant because it is saltless. But apart from a few inconveniences, such as not dancing after a day of hard work or walking my dog, Joe, or smoking big, black cigars, there is hardly a change of routine.

I give this personal testimony because Senator Stuart Symington and Senator Hubert Humphrey are making so sharp a point of appointing a new Secretary of State while John Foster Dulles is in the hospital taking treatment. His presence in the hospital interferes with his work less than if he were hunting quail or travelling about in distant parts of Missouri or Minnesota looking for votes. A telephone is at hand; he is no distance from the State Department; he can be in touch with all the world.

Of course, there are those who are so egotistic that if anything is wrong with them they become so pre-occupied with themselves that they can think of nothing else. There are others who find work a form of therapy, who reject themselves as problems, even when they feel pain, and become so absorbed in their duties that their will to live is stimulated.

Some people are afraid to die and the scratch of a pin will send them into paroxysms of fear; there are others who fully believe in the life eternal and to whom life and death are stages in the fulfillment of the destiny of the soul. John Foster Dulles, for instance, was raised as a Presbyterian, a faith to which he has been devoted. He surely believes that God's will be done which is a cornerstone of the Calvinistic philosophy which his father preached from the pulpit. Such a man moves through life fearlessly and when he faces death, he does not flinch, for it comes when it comes and is one of the facts of eternal living that needs to be faced.

At this moment, Dulles is valuable to this nation. I do not say indispensable, because we should indeed be a weak and poor nation if any man were indispensable. However, Dulles is useful and needed and as long as his services are available, they are of value. Let them therefore be used up to the last moment.

A word needs to be said about Christian Herter, the Acting Secretary of State. He has some form of arthritis and uses canes or crutches or a wheel chair to get around. So what? Can he exercise his mind? Does he know what he is doing? Is he a man of ability and experience? Does his arthritis interfere with his ability to work? It would seem that some Americans believe that an official of the United States must be physically perfect. George Washington had bad teeth and Franklin D. Roosevelt was a cripple. Maybe we ought to elect Jayne Mansfield's husband President because he is supposed to be physically perfect—I believe the peepholes call him a muscle man.

It is brains, not muscles of the shank, that we need in the men who do our work. If we find our best brains in cripples, let us use what we find and not be too particular.

## Senator Proxmire Should Be Hailed As A Hero

By David Lawrence

WASHINGTON — Senator Proxmire, Democrat, of Wisconsin, should be hailed as a hero. He has courageously put his finger on the reason why Congressional government has been deteriorating. Instead, he is being treated by some of his colleagues in the Senate with a mixture of disdain and cynicism. Others secretly agree but do not concur openly with his defiance of the present system, which permits a role of bossism and dictatorship by an elected leader of the party.

What the Wisconsin Senator has opened up to criticism at last, after many years of indifference by the public, is a situation in the Senate where "leadership" has been interpreted to mean one-man control over what legislation shall reach the floor.

While Mr. Proxmire calls for the resumption of the party "caucus" or conference, he does not say that an individual Senator must forsake his conscience in voting the party line. He does say that there should be frequent party conferences in which Senators may express themselves and endeavor to influence their colleagues.

"There has never been a time," said Senator Proxmire in his speech to the Senate this week, "when power has been as sharply concentrated as it is today in the Senate." In January 1958 Senators assembled and listened to the Majority Leader read a speech which he had previously released to the press in full. There was not a single matter of party business discussed. There wasn't even a mention of party program, not a whisper concerning any legislation. There was no provision on the agenda for such discussion.

"The next meeting of the Senate Democratic caucus was a full year later. It took place just last month. Again the meeting was convened

by the majority leader, who delivered another speech on the state of the nation. This speech, too, had been released beforehand to the press. . . . the only business of the entire caucus had taken less than two and a half minutes. And Senators had to surrender for another year their right and duty to determine the Democratic Party's policies and program."

Senator Proxmire pointed out also that the Majority Leader exercises his greatest power in determining what legislation shall be considered. Mr. Proxmire said:

"It is my objective to obtain for the individual Senator the opportunity to have an effective voice in the making of extremely important, vital decisions that occur before legislation can reach the

floor of the Senate for action, and to have a voice also in determining what legislation shall reach the floor for a vote."

The Wisconsin Senator mentioned also that Majority Leader Johnson of Texas has been "more extravagantly and widely praised by his colleagues and the press throughout this country than any other leader who has graced this body."

Mr. Proxmire said that, in a later speech, he is going to "discuss the full implications of this leadership and the power it has generated" and that what he really is calling for is "a greater degree of democracy in our party in the Senate."

There was a time in American history when the "caucus" was of prime importance in determining

## Inside Washington

By Henry Cathcart

The increasing average of commercial airline pilots has become the concern of some of the nation's top authorities in aviation medicine. Their views have become public not because of, but coincident with several spectacular crashes which have involved pilots over 50 years of age.

These medical experts claim that the hundreds of commercial pilots who are now 50 years old are not receiving adequate medical checks. They say the tests sometimes do not divulge physical and mental defects which exist with increasing frequency in people over 50.

According to latest government figures, there are more than 550 transport pilots in their 50's — some are in their 60's.

The medical men contend that pilot age is of growing concern, not only because of the increasing chances of physical failings, but because of the growing complexity of transport plans themselves. They contend there is more danger of that slight moment of hesitation before making a split-second decision that can mean the difference between life and death for themselves and numerous passengers.

## Getting Accustomed To Changes In Pregnancy

By Dr. Theodore R. Van Dellen

Pregnancy is not an illness even though in reproducing life, the body of the expectant mother undergoes marked changes. In a sense, the woman becomes a different organism.

One of the most unusual alterations is the reaction to diseases that existed prior to pregnancy. Victims of rheumatoid arthritis for example, may become free of pain and stiffness during this interval. Improvements in diabetes and heart disease have been noted. Some with peptic ulcer become symptom-free, though Dr. C. Sidney Burwell has observed exceptions.

Some women faint and occasionally this is the first indication that junior is on the way. The opposite also occurs in that gals

who ordinarily swoon at the drop of a hat are free of fainting spells during pregnancy.

Everyone is familiar with the perverted appetite that develops with the news that a baby is in the offing. The craziest things are craved, varying from starch to dirt. The sense of smell also sharpens. This has advantages but proves annoying when marked and unpleasant odors exist.

But most of the alterations of pregnancy center about the needs of the fetus. Marked adjustments take place in circulation and respiration to supply the child with nutrients, oxygen, and other chemical substances.

The capacity of the lungs increases considerably to offset the space taken up by the enlarged uterus that fills the abdomen and pushes up the diaphragm. These and many other changes are evidence of nature's ingenuity in fostering the important function of gestation.

### PELVIC CARCINOMA

Mrs. W. writes: Is cancer of the reproductive organs curable through surgery?

REPLY

Yes. Many women have been cured of cancer of the cervix, uterus, or ovary. On the other hand, malignancies of the prostate gland are less amenable to surgery unless the lesion is small and is confined to the gland itself. Hormones are used in more advanced cases.

### BLEEDING OF EYE

D. L. writes: What is the effect of a hemorrhage in the eye?

REPLY

In an internal eye hemorrhage the blood clouds up the fluid in the eyeball and affects vision. Hemorrhage into the whites of the eyes produces a red discoloration but the normal tendency is for this blood to absorb.

### HEART INVOLVEMENT

Mrs. C. writes: Does rheumatic fever always leave a scarred heart valve?

REPLY

No. Scarring occurs in fewer than 50 per cent of victims of rheumatic fever.

### READING WHILE RIDING

D. P. writes: Is reading on a moving vehicle harmful to the eyes?

REPLY

If you can read without discomfort, no harm will result.

Class dismissed!

## Nepotism Termed Justified When Relatives Really Perform Service

By Drew Pearson

WASHINGTON—There's an untold story behind the payroll practices of Congressman Leonard Wolf, Iowa Democrat, who reaped nation-wide headlines for giving his wife a \$13,334 job in his office.

The harassed Congressman is struggling to pay off \$30,000 in personal debts that his campaign for Congress cost him. His campaigning kept him away from his small farm-supply business until he lost it. Rather than go into bankruptcy, he promised to pay his creditors every cent he owed.

His wife is helping to liquidate the debts by working in his office where she puts in a full eight-hour day. Their government pay is their only income.

Wolf worried about the ethics of hiring his wife before he put her on the government payroll. He discussed the problem with local Democratic leaders.

On election eve, he announced that his triumph was a team victory and that his wife would work in his office. Later he issued a press release announcing "with great personal pride and pleasure" the appointment of his wife as his assistant. He repeated the announcement in a newsletter he sent to his constituents.

At least he wasn't trying to pull a fast one on the voters who elected him.

Note—This column, which first began the exposure of Congressional nepotism, has always made a distinction between rela-

tives who work and those who don't. For instance, Mrs. Jack Garner, wife of the famed former Vice President, always worked in her husband's office and worked hard. She earned her salary. Again, Mrs. Irving Ives, wife of the ex-Senator from New York, worked as his assistant and worked every night long past quitting time. It's only natural that a wife or son can read a Congressman's mind better than others and can do a good job of representing him—if they keep office hours.

### Major Eisenhower's Tour Of Duty

Congressmen who have been under the gun for putting relatives on their own office staff payroll are wondering how Maj. John Eisenhower manages to stay on the Army payroll always so close to Washington.

Army rules are strict that every officer be assigned to new duty periodically. Almost never is he given the same duty in the same area for more than four years.

Originally it was President Truman who ordered young Eisenhower to Washington for his father's inauguration. Truman, as Commander-in-Chief issued the order without telling the President-elect or anyone else. He thought young Eisenhower should be present to see his father sworn in as President.

After that the Army kept Major Eisenhower on various duties around Washington on one pretext or another. For two weeks in 1954 he was assigned to temporary duty at the White House. In the summer of 1955 the Army found a spot for him on the faculty of the Fort Belvoir Engineering School in near-by Virginia. In 1957 he was given a job at the Pentagon just across the river from the White House.

Finally in October 1958 he was moved into the White House altogether. Congressmen think it's fine to have the Eisenhower children near their grandfather, but they also wonder what the official Army explanation is for giving Major Eisenhower entirely different treatment from the

average Army officer. Running For Congress  
Ex-Mayor Emilio Daddario of Middletown, Conn., known as "Mim" to friends, got elected to Congress the hard way. He shook hands with just about every man he saw in his district.

Walking up to a man reading a newspaper, while waiting for a bus in Hartford, the would-be Congressman said:

"I'm Mim Daddario. I'm running for Congress."

"Go ahead," was the nonchalant reply.

Capital News Capsules  
Fidel Castro of Cuba has hired a New York promoter to raise money in the USA to fight Latin American dictators. He is William McNally, a professional fund raiser for church causes. Castro's secret plan is to start Cuban-style revolutions in Nicaragua against Somoza and in the Dominican Republic against dictator Trujillo. The State Department is so uneasy over what Castro might do it has refused to lift the arms embargo against Cuba. The United States cannot be in the position of supplying weapons to Castro for the purpose of overthrowing governments he doesn't like. Castro, therefore, is seeking arms from Venezuela. . . . Senator McClellan of Arkansas has given up trying to find out who on the Federal Reserve Board leaked inside information that caused some big fortunes to be made on the stock market last October. He found so many employees had access to the information that it would be impossible to pin down the guilt. So he tossed the scandal to his Arkansas colleague, Senate Banking Chairman Fulbright, with a recommendation that tighter laws be enacted covering the Federal Reserve System. . . . King Olav V of Norway has decorated William Eynne, crusading editor of the Madison, Wis., Capital Times, with the rare Royal Order of St. Olav, Knight's Cross, for exemplifying the ideals, heritage and culture of Norway. The medal is so cherished that it must be returned to the King of Norway upon the recipient's death.

## Guterman's "Empire"

By Leslie Gould

NEW YORK — One of the major assets of the F. L. Jacobs Co. — the top company in Alexander L. Guterman's "empire" — is control of Scranton Corp.

Scranton, formerly the Scranton Lace Co., is supposed to control the Hal Roach Studios and Mutual Broadcasting Co., a programming and service company for a network of 448 radio stations.

The Mutual acquisition was the high point of mystery man Guterman's excursion into high finance. He was going to buy a lot of radio and TV stations.

The mystery now is the whereabouts of the controlling stock in Scranton.

This is a block of 95,759 shares of Scranton's outstanding 147,259 shares. Some of the shares are or were in "lock" with money lenders and a small block — 1,601 shares — held as security by Sol M. Zweifach who sold stock to Guterman at \$25 a share.

Missing are 63,000 shares. An affidavit filed in Federal court by the SEC states:

"Confirmation of the 30,062 shares (28,461 shares with two money lenders) still leaves a balance of approximately 63,000 which Ernst & Ernst 'accountants' have been unable to locate physically and with respect to which they have received no explanation or confirmation."

The affidavit also states: "Jacobs' books of account did not reflect that these shares had either been disposed of or pledged. However, the auditors were

unable to locate such shares in Jacobs' possession. . . .

"Ernst & Ernst state that failure to locate the 63,000 shares may indicate the existence of additional liabilities for which the shares have been hypothecated. It must also be recognized that the shares may have been sold."

Guterman through Jacobs got control of Scranton in 1956 by swapping one of the Jacobs' divisions — Eicor — for 40,000 Scranton shares. Additional shares were bought, including the holdings of Zweifach, who had made a proxy fight for control of Scranton in 1954.

The then head of Scranton — H. J. Megagel — told stockholders:

"The directors of your company are not at all favorably inclined towards offers to purchase a controlling interest in our stock. Too often in other situations the results have been uneconomic to all concerned and in some instances outright liquidation has been the end result."

Two years later, Guterman through Jacobs was in control and an old lace company became something else, and its ownership a mystery.

This is just one of the mysteries. Another one is how Guterman, who claims to have been born in Siberia and educated in mission schools in China and only in the U.S. since 1950 can speak "Brooklynese" so fluently and with no Chinese accent.

## You're Telling Me!

Because of the large number of people wanting to use it, the elevator in the Nottingham, England, Guildhall is closed to persons under 30 years of age. Here's a case of youth having to put its best foot forward—and upward.

Headline in a midwestern newspaper: "We'll Tie Reds On Missiles By 1960 — McElroy." That, opines the man at the next desk, certainly ought to put an end to the cold war!

After only 14 months operation the new Shakespeare theater in Liverpool, England, has been closed. Alas, poor Yorick!

Now that the winning numbers in the Norwegian state lottery are to be picked by an electronic machine, no doubt there'll be some losers who'll complain their selections got short-circuited.

The old saying that "Precious things are done up in small packages" certainly cannot refer to little February's weather!

In England a train was unable to enter a tunnel because of heavy icicles barring the entrance. Stopped cold, as it were,

Chemists, we read, have developed a lollipop, that isn't sticky. Those grown-ups! — always taking joy out of a kid's life!

The squawks of a pet parrot in a Swedish bank scared away burglars who fled without getting any loot. From now on these footpads will consider trying to rifle a strongbox strictly for the birds!

Three Michigan county jail inmates failed to cover the noise of their filing through the bars by singing loudly. Maybe, they should have used a musical saw!

The still uncaught Abominable Snowman of the Himalayas was first reported seen back in 1889. All we can say is that the grisly (or is it grizzled?) grandpa, is still pretty active.

The annual salary of the dog catcher of an Illinois town is \$400 larger than that of the mayor. Yipe!

## Peter Lukas Band To Play At Queen's Ball

Maple Festival Opens April 3

MEYERSDALE, Pa.—Two big dances are on tap for dance fans who plan to attend the Twelfth Annual Somerset County Maple Festival here on April 3, 4 and 5.

Featured on the program are the Queen's Ball on Friday night, April 3 beginning at 9 p. m., and the Maple Festival Square Dance on Saturday night, April 4, starting at the same time.

Peter Lukas and his orchestra, Maryland's outstanding dance band, will play for the Queen's Ball and Sam Showalter, Paul Christner and the Country Music Boys will furnish entertainment for the square dance.

Both dances will be held in the Meyersdale joint high school auditorium.

Peter A. Lukas, whose dance band has established a big name for itself in Maryland, was born in Vienna, Austria. He is a graduate of Charles University of Prague, Czechoslovakia, majoring in political science and economics.

He is also a graduate of Prague Conservatory of Music, majoring in piano, and has two semesters at the University of Sorbonne, Paris, France, in graduate work in Political Science. He was a member of Czechoslovakia's anti-Nazi underground from 1939 until 1945, the year the war ended. He spent 13 months as a prisoner in German concentration camps and was liberated by General George A. Patton's army.

He has been active in the anti-Communist movement in Czechoslovakia. He arrived in the United States in 1948 and was a special consultant for the U.S. Department of Defense for 13 months.

Mr. Lukas is very active in civic affairs and is a member of Frostburg, Md., Rotary Club.

Lukas and his talented group of musicians and singers will provide the finest in dance music and also entertain with songs.

The old-fashioned square dance is an outstanding highlight of the annual festival. The Country Music Boys are experienced musicians. Members of the band include Dorothea Hoover, Robert Hetrick, Raymond Robertson and Glen Hoover.

The Queen's Ball will be marked by the Queen's March. The entire Court and their escorts will present this colorful part of the Ball at 9:30 p. m.

The Queen and her court will also make their appearance at the Square Dance.

Plans for the Queen's Ball are being made by Vernon J. Kemp and Sam Showalter is in charge of the square dance.

## Oldtown Team To Be Honored

OLDTOWN — Members of the Oldtown High School basketball team, who won the Class C championship in Allegany County Thursday night, will be guests of honor at a party this evening at the home of Mr. and Mrs. Joseph A. Hercuts, Oaklawn Manor.

Also being invited are the team coach, Ronnie Kellough, the cheerleaders of the school and other friends, according to Mr. Hercuts, whose daughter, Joan, is a cheerleader.

He said that Mrs. Annie Dixon will assist his wife in serving refreshments. Dancing will be featured during the party. A basketball will be the centerpiece of a table which will be decorated with the school colors. The Oldtown basketball team won the championship Thursday night when they defeated Flintstone in a game at Fort Hill.

## Rotary Club Plans Election At Lonaconing

Heart Chairman Is Recognized

LONAICONING—Ralph Swauger and Charles Daniels have planned new Lonaconing Rotary Club signs at the highway entrances to the town, giving the Rotary meeting time and place each Thursday evening at VFW home.

Dr. Leslie Miles Jr. has been appointed the "On To Bedford" chairman. Plans are started for Lonaconing club members to attend the Bedford Rotary conference in late April.

Nominating committee for Lonaconing officers includes Harry Warnick chairman, Garlitz Barclay, Robert D. Peebles, Frederick H. Sheehey, and Edward McPartland, for the election next month.

Recognition was given to Garlitz Barclay, a Rotarian, who served as chairman of the Heart Drive of Lonaconing. Rotarians were asked to give their support to Chairman Barclay.

Program chairmen for March are Tim Connor, March 5 and Charles Daniels, March 12. The fifty-fourth anniversary of Rotary International is observed the last week of February.

## Woman's Club Plans Banquet

KEYSER — Announcement has been made by the Keyser Woman's Club that tickets are now available for the annual Woman's Club guest banquet to be held at the Upper Potomac Shrine Club, on March 10, at 6:30 p. m.

Dr. Ernest Church, president of Potomac State College, will speak of his recent tour of Russia and show colored slides taken while he was there.

Misses Lois and Carol Blackburn will present special music, accompanied by Miss Bernadine Rollins.

Tickets will be on sale at "Ely's" until Friday, March 6. Members are urged to obtain their tickets for themselves and their guests as soon as possible.

## Sewer Plant Site Valued At \$25,000

MOOREFIELD, W. Va. (AP)—A five-man condemnation board has agreed on a \$25,000 award to Hamilton Wilson for 14.4 acres sought by the town for a proposed sewage disposal plant.

The town previously had offered Wilson \$6,300 for the land, based on an appraisal made earlier by a three-man board. The new award by the five-man board was made after a hearing before Judge H. Gus Munzing.

Attorneys for Moorefield said the award would be accepted. Members of the board are Holmes Branson, John McNeill, Delmer Crites, Glenn Biller and R. G. Kessel.

## Northern High Gets New Secretary

ACCIDENT — Mrs. Eleanor Younklin Frazee has been appointed as the new secretary of Northern High School, succeeding Miss Carol Dauphin.

Mrs. Frazee was graduated from Northern High School in 1956 and Catherine's Business School in Cumberland in March 1957. Miss Dauphin, who has been Northern's secretary for six and one-half years will be employed in the purchasing department of the Allegany Ballistics Laboratory.

## Mt. Savage High Students To See "The Boor"

MT. SAVAGE — Students and faculty of Mt. Savage High School will witness "The Boor," a comedy by Anton Tchekoff, for the third Antrim Bureau program Thursday, March 5 at 2 p. m.

The play will be presented by Roi and Rucille Baillie who have spent practically their entire lives in the theater.

Mr. Baillie has designed the special scenery and supervised the lighting effects. In addition to the play he will give the audience a peek back stage, allowing them to see him make-up and assume his characters.

It is the Baillies' purpose not only to present wholesome entertainment but to stimulate interest in the theater among the students in order to help them produce better plays and to give them new ideas for their make-up problems.

# Fort Hill And Allegany Clash Tonight For Class A Title

## Playoff Tilt To Be Staged At Frostburg

250 Tickets Go On Sale Today; Victor To Play Frederick

The stage is all set for the Allegany County Class A championship basketball game tonight at Beall High School, Frostburg, where Allegany High's Campers and Fort Hill's Sentinels will lock horns in the "rubber" game of their series at 8 o'clock.

Doubt was expressed last night as to whether the game would be played because several players of both squads were out with the flu but Coaches Chester G. Payne and Wayne Boor finally decided the "show" must go on. If a postponement is necessary, Robert E. Pence, director of physical education, said the game will be reset for Wednesday at Frostburg.

William J. Faherty, athletic director at Allegany High School, last night announced that a total of 250 reserved seats are still available for the game tonight. Some will be sold at the door of Beall High School and others in the Fort Hill section may be purchased today at the Wilson Hardware Company store. No standing room tickets will be sold.

### Winner Plays Cadets

Tonight's winner will qualify as Allegany county's representative in the District One tournament next Friday in Hagerstown where either Allegany or Fort Hill will play Frederick High School's Cadets in the opening round. In the other Class A semi-final in the Hub City, undefeated North Hagerstown will play Southern High School of Oakland. The team winning this tourney moves on to College Park for the state championship tourney March 13-14.

The playoff contest between Allegany and Fort Hill was necessitated when the teams finished in a tie for county Class A honors with 3-1 records. Both schools swept their series with Beall High School. Fort Hill beat Allegany on the Greenway Avenue court in the first game of their series, 55-50, but Coach Chester Payne's Campers bagged the second contest at Campobello, 59-46.

Twelve years have elapsed since the Class A tournaments were inaugurated in Maryland. Since the first one in 1947, Allegany High has represented Allegany county eight times, Fort Hill thrice and Beall once. Over that 12-year span Allegany and Fort Hill have won three state titles each. Fort Hill last year gave Allegany county its first state Class A championship since 1934 when the Campers went all the way.

Coach Wayne Boor's quint goes into tonight's crucial battle with a season record of 12 wins and 7 losses. The Campobello quint has won five of its last six starts and owns an overall record of 10 victories and nine losses.

A capacity crowd is expected to witness tonight's battle in the Mountain City. Bill Bossi and Alex Rich, of Windber, Pa., will officiate.

Valley High School has qualified as Allegany county's Class B representative at Hagerstown while Oldtown High School will vie for the district Class C crown. Valley plays Northern of Garrett county in the district semi-final next week while Oldtown battles it out with Hancock in the finals one week from today.

## Terps Conquer South Carolina

McNeil Scores 25 In 75-45 Triumph

COLLEGE PARK, Md. (AP)—Charlie McNeil scored 25 points—21 of them in the first half—to lead Maryland to a 75-45 Atlantic Coast Conference basketball victory over South Carolina Friday night.

McNeil connected on all seven field goal attempts in the first half and added seven free throws. He scored on four more charity tosses in the second half.

Al Bunge and Jerry Bechtle each scored 13 for the winners, who wound up with a 7-7 record in tonight's final conference game for both teams. Ray Pericola paced South Carolina, which finished in the cellar.

The Terps scooted to a 9-0 lead in the first 3½ minutes but the Gamecocks pulled back to within 2 points at 12-10.

McNeil then paced Maryland to its decisive margin which bulged to 32 points at one time. Coach Bud Millikan played substitutes most of the second half.

The Terps played a fast-break game tonight, discarding their usual deliberate style, and coupled it with a tight man-to-man defense.

Maryland's 10-12 showing in all games this season represented the first time in nine seasons that Millikan has had a losing team.

**SCORING CHAMP**—Joe Nolan, 13, of St. Ambrose, paced the scorers of the Catholic Youth Basketball League for the 1958-59 season, which ended Thursday night, by chalking up a total of 362 points in 20 games for an average of 18.1. He scored 145 field goals and sank 66 of 112 foul shots for a .589 average. Nolan, who attends St. Patrick's School in Mt. Savage, is playing in the league for the fourth season.

## Piedmont Tops Ft. Ashby High In 68-61 Game

Ridgeley Defeats Elk Garden, 64-44

KEYSER, W. Va. — Ridgeley High's Blackhawks and the Piedmont Lions advanced to the finals of the West Virginia section 13-A cage tournament last night as each racked up victories in opening round games staged at the Potomac State College gym.

Coach Tom O'Connor's Hawks had little difficulty in defeating Elk Garden's Stags by 64-44, while Piedmont earned its finals berth with a 68-61 decision over Fort Ashby's Pioneers.

The finals are set for tonight at 9 p. m., while Fort Ashby and Elk Garden will battle in the consolation finals starting at 7:30 on the Greenway Avenue court in the first game of their series, 55-50, but Coach Chester Payne's Campers bagged the second contest at Campobello, 59-46.

## Nolan Annexes Catholic Loop Scoring Title

St. Ambrose Star Gets 362 Points For 18.1 Average

Joe Nolan, of St. Ambrose of Cresaptown, which made its debut this season, romped off with the individual scoring title in the Catholic Youth Basketball League for the 1958-59 season, which ended Thursday night, by chalking up a total of 362 points in 20 games for an average of 18.1.

A pupil at St. Patrick's School, Mt. Savage, Nolan, playing in the league for the fourth season, collected 145 field goals and also topped the league in foul shooting with an average of .589 with 66 conversions in 112 free throws.

"Chuck" Fields of SS. Peter & Paul was the runner-up in the foul shooting department with .548 for 23-42 Jack Hudson, of St. Mary's was third with .537 for 22-41.

### Lantz Is Runner-Up

Nolan finished the season 157 points ahead of his closest competitor, Mickey Lantz, of St. Patrick's, who garnered 205 tallies for a 10.3 average. Fields finished in third place with an average of 9.5 for 191 points and Gary Werner of St. Michael's was fourth with 180 points and 9.0.

The highest average in the history of the league was established in 1956 by Jerry Wine, of St. Peter's, Oakland, who racked up 549 points in 21 games for 25.7. Wine is now a member of the Southern High varsity quint at Oakland.

Mike Long, of St. Mary's 1957 quint, owns the best foul shooting mark of .607. Mike, now on the LaSalle High varsity quint, hooped 56 out of 64 free throws two years ago. Bob Shaw, of St. Frances, Keyser, hung up the high for one game in 1956 when he collected 55 points.

A total of 87 players saw action in the league this season.

St. Michael's Cops 6th St. Michael's won the championship for the sixth time in the 13-year history of the circuit. The other Frostburg winners were in 1949, 1950, 1951, 1952 and 1953. SS. Peter & Paul won four titles—1954, 1955, 1956 and 1957. St. Patrick's copied the crown in 1947 and 1948 and St. Mary's was the 1958 winner.

## Kansas State Wins 18 in Row

LAWRENCE, Kan. (AP)—Kansas State's big front line took command early and its reserves held on to defeat Kansas 87-77 in a Big Eight Conference basketball game Friday night. A crowd of more than 17,000 saw the game.

Kansas State, ranked No. 2 nationally, racked up its 18th straight victory. The Wildcats already are league champions with a 12-0, and have a 22-1 overall record. Kansas is 7-5 in the Big Eight and 10-13 for the season.

Sophomore Cedric Price exploded Kansas State's powerful start with a 16-point first half. K-State led 46-32 at the half.

## Dave Jenkins Choice To Win Skating Title

Brown Sets Pace  
At Halfway Mark

COLORADO SPRINGS, Colo. (AP)—Titleholder Dave Jenkins flashed a dramatic late rally Friday which virtually assured him of his third world men's figure skating championship.

His chief challenger, Tim Brown of Sacramento, Calif., clung to a slim halfway lead in the championships, but with Jenkins' specialties still to come, it was considered Brown would need to build up a bigger margin to win.

Jenkins, trailing through five figures and losing ground steadily, carved out a series of difficult loops on his final test and nearly wiped out the advantage Brown had built up over two days of meticulous school skating.

At the end of the compulsory figure competition, Brown had a total of 694.9 points to 688.1 for Jenkins.

He is favored to wrap up another title in the finals Saturday night, joining Carol Heiss of Ozone Park, N. Y., as co-sovereign of the ice kingdom.

The beautiful Miss Heiss won her fourth women's title Thursday night with a dazzling free skating exhibition which left her rivals, European champion Hanna Walter of Austria and Holland's Szoukie Dijkstra far in arrears.

Carol's margin was 133.3 points, her biggest ever.

## Hungry Orioles Show Enthusiasm

MIAMI (AP)—It appears the Baltimore Orioles picked up a couple of hungry players over the winter.

Billy Klaus, from the Boston Red Sox, and Jim Fanning, from San Francisco and Phoenix, are working out with the enthusiasm of Pony Leaguers.

Gene Woodling, who checked in last night, said he expects to play all 154 games. "I'm not saying I can play in 154, mind you—who can tell how my old body holds up?" but I'm willing to play every day I can."

## Wildcat Riflemen Receive Diplomas

Eleven members of the Columbia Street Wildcat Junior Rifle Club have been presented diplomas by the National Rifle Association for having passed the basic rifle marksmanship course.

Those receiving the diplomas were Ronnie Yader, George Shawalter, Richard Lynch, William Delfenbaugh, Chris Pfeiffer, Larry Pfeiffer, Patrick Keefe, James Rapson, Joseph Keefe III, Patrick Clark and Walter Rolnick.

We have in stock this local 1-  
owner car that belonged to one  
of our plant managers. He kept  
the car in tip top condition with  
regular 1,000 mile checks and oil  
changes, also kept garaged night-  
ly. The car has been driven less  
than 8,000 miles a year. The  
equipment includes torsion level  
ride, power steering, power  
brakes, power antenna and ultra-  
matic drive transmission, radio,  
heater, tinted glass, signal lights,  
backup lights, white wall tires  
plus all the other small acces-  
sories. This is your opportunity  
to own a late A-1 car for just a  
fraction of the original cost as  
this light green beauty is priced  
several hundreds of dollars be-  
low top NADA book value at our

## Fleming To Ask City To 'Freeze' Taxi Permits

Police and Fire Commissioner Philmore Fleming said yesterday he will ask the Mayor and Council to issue an order "freezing" the number of permits issued for the operation of taxicabs in the city.

Fleming said the order will be introduced at Monday's meeting of council.

Fleming said his department plans to review operations of all cab companies in the city and will "put an end to any unauthorized operations."

Some independent outfits are not authorized and have not obtained a permit from the city, Fleming said.

Yesterday, one cab concern on Maryland Avenue, which he said did not have a permit, was ordered to halt operations. He said the company has been the cause of many complaints from people residing on Maryland Avenue, a residential area, and has made unauthorized use of parking space which is at a premium in that neighborhood.

## Two Wills Are Filed For Probate

Wills of two Lonaconing octogenarians who died recently have been admitted to probate in Allegany County Orphans Court.

One was the last testament of Mrs. Rachel S. Marshall, who was 85 at the time of her death December 15. A daughter, Jane G. Marshall, Lonaconing, qualified as executrix under a \$500 bond.

The home property was left to Jane G. Marshall and there were cash bequests to three sons, Robert, Peter and John Marshall. All the rest of the estate was left to a granddaughter, Rachel Marie Marshall. The will was dated December 29, 1947.

Also probated was the will of Mrs. Mary E. Berry, who was 87 when she died January 21. A son, Charles Berry, 90 Jackson Street, Lonaconing, qualified as executor under a \$500 bond.

# Specialty Stocks Shine In Irregular Market

NEW YORK (UPI) — Specialty stocks held the spotlight again in an irregular week-end session. Most of the specialties soared. A few recent strong spots were hit by late profit-taking. For the most part, movement was narrow.

Trading was active. A 4,300,000 share turnover compared with 3,930,000 Thursday. General Tire, American Motors and Heydon Newport Chemical topped the active list.

General Tire soared in early dealings but held only a 3/4 point rise when profit-taking set in. Aerojet General, largely owned by General Tire, behaved similarly on the American Stock Exchange, closing with a gain of a little more than a point. Both have been strong in recent sessions, with Aerojet gaining over 20 points on the week.

American Motors recovered another point to feature a steady gain group. Western Pacific ran up nearly 3 1/2 points in a chemical group. Bell & Howell 3 1/4. Consolidated DuPont fell over 3. Bestwall Gypsum 5. U. Eastman Kodak more than a 3. Freight 1 1/2 on a dividend in point. Stauffer Chemical was one crease. Western Union 1 1/2. Scott of the most spectacular performer. Paper 1 1/2. Bath Iron Works 1 1/2. ers with a gain of 1 1/2 points. Polaroid. Thursday's late special 12 1/2. Thiokol, a missile fuel is-tacular gainer, backed off 2 1/4.

## Specialty Stocks Shine In Irregular Market

NEW YORK (UPI)—Specialty stocks held the spotlight again in an irregular week-end session.

Most of the specialties soared. A few recent strong spots were hit by late profit-taking. For the most part, movement was narrow.

Trading was active. A 4,300,000 share turnover compared with 3,930,000 Thursday. General Tire, American Motors and Heyden Newport Chemical topped the active list.

General Tire soared in early dealings but held only a 1/4 point rise when profit-taking set in. Aerojet General, largely owned by General Tire, behaved similarly on the American Stock Exchange, closing with a gain of a little more than a point. Both have been strong in recent sessions, with Aerojet gaining over 20 points on the week.

American Motors recovered another point to feature a steady auto group.

Heyden Newport ran up nearly 3 points in a chemical group. Bell & Howell 3/4. Consolidated over DuPont fell over 3. Eastman Kodak more than a 3. Freight 1/4 on a dividend in point. Stauffer Chemical was one of the most spectacular performers with a gain of 1 1/4 points to 122 1/4. Thiokol, a missile fuel is-tacular gainer, backed off 2 1/4.

**DAILY CRYPTOQUOTE — Here's how to work it:**

**AXYDLBAAXR**  
**IS LONGFELLOW**

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

## Chicago Grains

CHICAGO (UPI)—Grains closed high Friday, with firm and strong prices of most all around on the Chicago Board of Trade.

Wheat closed up 1/2 to 3/4 cents, corn up 1/2 to 3/4 cents, soybeans up 1/2 to 3/4 cents.

End of the week buying was heavy, both by commission houses and commercial interests. And several contracts jumped into new seasonal highs.

# Senate Rejects Appointment Of Reatus Spiker

Sen. See Declines Comment On Action

The Senate yesterday refused to confirm Governor Tawes' appointment of Reatus L. Spiker to the Allegany County Board of Alcoholic Beverages License Commission, according to an Associated Press dispatch from Annapolis.

Mr. Spiker, of Uhl Highway, was the first nominee to be rejected from the list of hundreds submitted to the Senate by the governor last Wednesday.

State Senator Charles M. See, a member of the Senate Committee on Executive Appointments, said "no comment" when questioned on the action last night.

The action was taken as the Senate concurred in the committee's action to refuse to accept the governor's nomination.

The committee on local appointments normally goes along with recommendations made by the senator from the county involved.

Mr. Spiker was endorsed for the post of minority member on the Liquor Board by the Democratic State Central Committee of Allegany County.

He was in third place on the list sent down by the GOP committee.

He has been serving for two years as clerk to the Allegany County Board of Election Supervisors.

# See Is Confirmed As Trustee Of Blind Workshop

State Senator Charles M. See yesterday was confirmed by the Senate as a trustee of the Maryland Workshop for the Blind.

He has served as a trustee of the state-aided workshop since 1943.

The confirmation came in a regular session of the Senate, a courtesy extended to present or past senators.

Other gubernatorial appointments are made by the Senate after names are submitted in executive sessions to the Committee on Executive Nominations.

# Senate Plans Final Action On Rt. 40 Bill

ANNAPOLIS (AP)—A Baltimore city senator postponed final Senate action Friday on a bill aimed at setting up new recreation areas in Western Maryland.

Sen. Joseph V. Mach (D-Balto 2nd) requested that a vote on the measure, sponsored by Del. William Walsh (D-Allegany) be put off until Monday night.

Mach said an attempt may be made to amend the bill to limit the amount which may be spent on acquiring land for the recreation facilities to be built along U.S. 40 between Hancock in Washington County and the Pennsylvania line in Garrett County.

The measure provides for the creation of up to 10 roadside parks and recreational areas not exceeding 20 acres each.

Mach said the Senate Finance Committee had approved the ceiling price amendment but later reversed itself and approved the bill without substantial change.

# LaVale Boy Hit By Car

A four-year-old boy of LaVale, who was struck by an automobile yesterday afternoon in the community, was admitted to Sacred Heart Hospital for observation.

Wayne Henry Collins, son of Mr. and Mrs. Henry Collins, is reported in "fair" condition at the hospital with facial and head abrasions.

State Police said the boy reportedly was on the way to the store with his eight-year-old sister when he darted across the highway into the path of a car being driven west on U. S. Route 40 by Laura E. Densmore, 66, of 74 Washington Street, Frostburg.

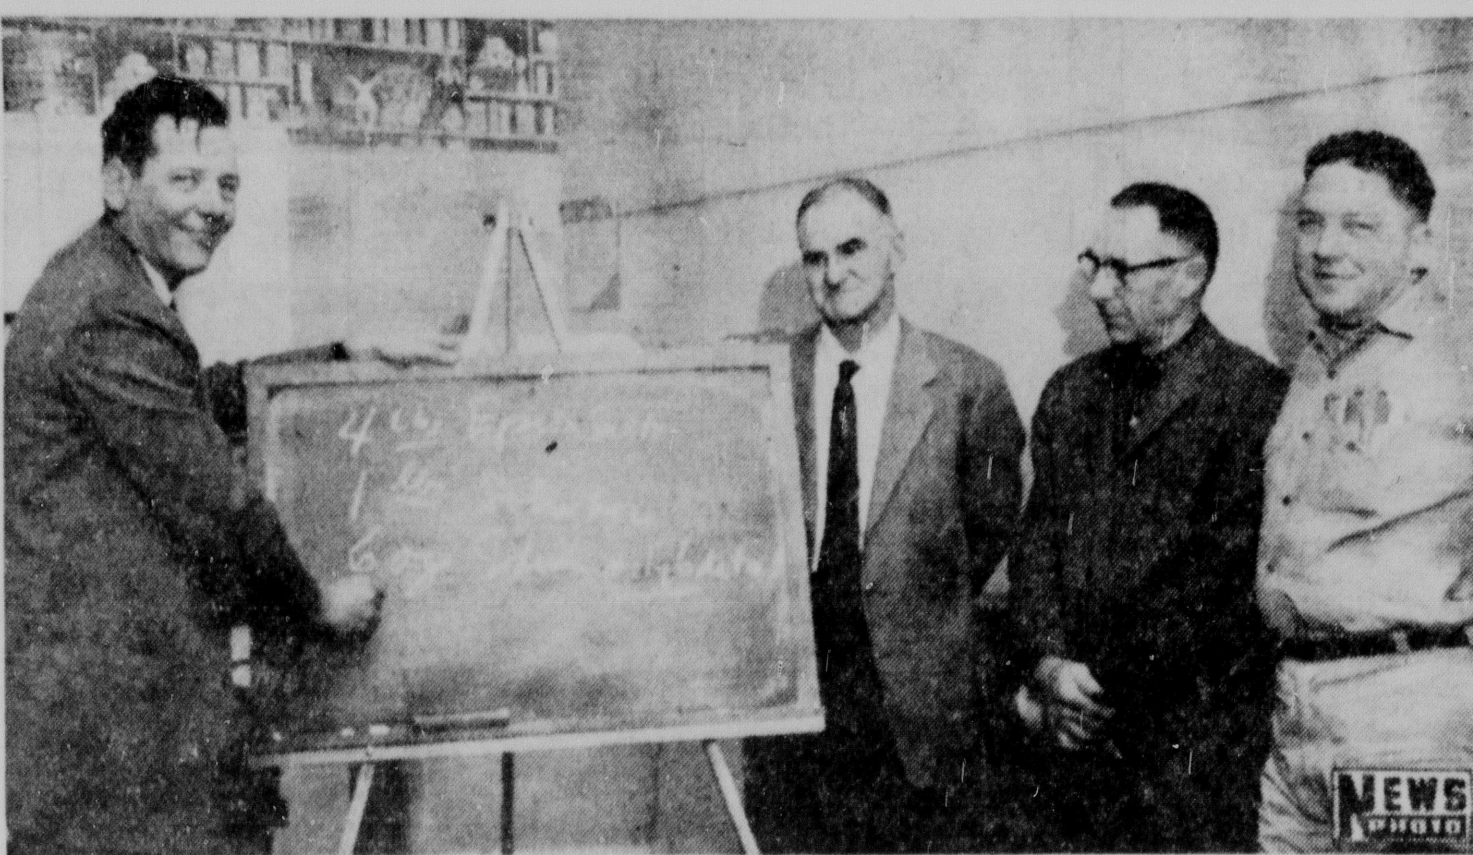

The accident occurred about 4:45 p. m. near the intersection of Route 40 and Miller Avenue. Trooper Charles T. Snow investigated.

# Will Start Work

The John S. Cook contracting firm notified the City Engineering Department yesterday that it plans to repair the sidewalk in front of the Coca Cola Bottling plant on Monday, if weather permits. The slab to be replaced lies above a city conduit.

# Epsom Salts Helps Tomato Growth

Epsom salts can help increase tomato yields, Allegany County vegetable growers were told yesterday at the Court House in their annual winter meeting. Pictured, at the left, explaining the portions used in the tomato spray, is Dr. Francis C. Stark,

vegetable specialist at the University of Maryland. Others in the picture, left to right, are Herman A. Hunter, another vegetable specialist on the program; Theodore Stegmaier and C. A. Stafford, two of the approximately 25 growers attending.

# Vegetable Growers Get New Ideas On Spraying

Allegany County vegetable growers learned yesterday that epsom salts can help increase the yield of tomatoes as much as 20 per cent.

Dr. Francis C. Stark, vegetable specialist at the University of Maryland, brought up this new development yesterday afternoon at a meeting of about 25 county vegetable growers at the Court House. It was the last of four winter meetings for county farmers arranged by County Agent Joseph M. Steger.

Dr. Stark discussed the results of a four-year study of the foliar application of soluble fertilizer materials at the Vegetable Research Farm at Salisbury. They showed that the yield of U.S. No. 1 tomatoes may be increased as much as 20 per cent by the addition of magnesium sulfate (epsom salts) and solubor.

The vegetable specialist recommends use of four pounds of magnesium sulfate and one pound of solubor plus six ounces of sodium molybdate per 100 gallons of spray.

Herman A. Hunter, extension vegetable specialist at the University of Maryland, was the other speaker on the Friday afternoon program. He discussed new varieties of vegetables for the 1959 season. For spring tomatoes he recommended Moreton Hybrid and Homestead. For fall tomatoes, his recommendations were Rutgers and Marglobe. He also suggested that Allegany County growers might like to try Chesapeake, a new variety developed at the Maryland Extension Station.

Public and parochial school officials in Cumberland and Allegany County are hopeful that after the weekend holiday their schools will be able to reopen Monday with more pupils in their classrooms as a result of a reduction in the number of influenza cases.

St. Patrick's and Catholic Girls' Central High School closed at noon Thursday for a long weekend holiday and Sister Lenore, the principal, expressed hope last night that their normal attendance will be observed when classes resume Monday morning. There were 135 absent Thursday out of a total enrollment of 498.

Meanwhile, Superintendent of Schools Ralph R. Webster also looked forward hopefully to a decline in absenteeism because of illness, most of it attributed to flu. Allegany High School had the greatest absenteeism yesterday, 694, 79 more than missed classes on Thursday.

Most of the schools checked yesterday reported more absenteeism than on Thursday. Exceptions were Bruce and Valley high schools and John Humbird Elementary School. Increases were reported at Fort Hill, Beall, Central Elementary, Hyndman-Londonderry, Columbia, Gephart, West Side, Mt. Royal, Corriganville, Beall Elementary and Hill Street.

While a number of adults have been affected by flu, checks with three major industries, Kelly Springfield Tire Company, Celanese Corporation of America and Pittsburgh Plate Glass Company, failed to reveal any significant absenteeism as a result of the outbreak.

Papers Go Through Flu has also taken its toll of Times-News carrier boys but the Circulation Department reported yesterday that like the mail, newspaper deliveries "are going through."

About a dozen of the carrier boys are flu victims but their routes are being covered by other boys who are doubling up on both afternoon and morning routes and by parents who are covering their boys' routes in cars delivering papers and making collections.

The Circulation Department said the situation is not as bad as during last year's flu outbreak here and it added "every one is doing a good job despite it all. The job being done is appreciated both by the customers and the newspapers," the department added.

# 350 Sets Of Tags Sold At Court House

Some 350 sets of new Maryland automobile license tags were sold yesterday at the office of the Tax Collector in the Court House.

The first set of tags was sold last Saturday to George Irvin Shroyer of Ellerslie. The first full day of sale was Tuesday, when 68 sets were distributed.

William B. Orndorff, who will assume duties April 1 as county-wide tax collector, reminded automobile owners that they can expedite the sale of the tags if they answer two questions listed on their applications and have their checks already made out to the Department of Motor Vehicles for \$15.15 or \$23.15, if they intend paying by check.

The first question concerns whether the applicant has ever lost his driver's license in any state. The second is whether the vehicle is covered by liability insurance.

# Paint Shop Approved

The Board of Zoning Appeals has approved the application of Frederick Graziani, 112 Seymour Street, to use a building at 8 Pennsylvania Avenue as a paint shop. The building was formerly used as a workshop.

# Grass Fire Quenched

Firemen from Central Fire Station yesterday morning quenched a grass fire at the Narrows Bridge along U.S. Route 40.

# Governor Still Seeks Leader For Md. Police

At various stages of speculation about who might succeed Col. Elmer F. Munshower, the present superintendent, the name of Maj. William H. Weber, his executive officer, has been most prominent of the 10 or so under consideration.

Weber, with 32 years in the department, has been the central figure in a vigorous behind-the-scenes struggle for the appointment. The department has never been commanded by a man from the ranks.

The veteran officer, endorsed by many callers to the governor's office, also faces stiff opposition in the Senate, which must confirm the nomination. The bulk of this comes from Eastern Shore senators.

When the governor failed to include the State Police nomination along with 29 other nominees to state office in his green bag last Wednesday, he was said to be holding up the nomination to study the Gans Commission report.

This report was submitted by a State Bar Assn. committee headed by Hilary W. Gans after a study of alleged irregularities in the State Police Department. The committee had been requested by Theodore R. McKeldin, then governor, to look into the allegations, made by the Criminal Justice Commission.

The bar committee absolved Weber and the department of the accusations. Aides to the governor have indicated his choice for the police superintendency will not be made known at least until late next week.

The officers were installed by John G. Thomas, president, in his capacity as a TWUA officer. Mr. Thomas obligated the officers after Ralph Cline, Washington, TWUA representative here to officiate at the ceremony, was called home by illness in his family.

Mr. Cline yesterday headed the Local 187 committee which began active negotiations for a new contract at the Amelle plant.

The meeting, Mr. Thomas said, was largely preliminary. Plans were made to resume the contract negotiations March 12 at 10 a. m. at the Amelle plant.

Men Of St. John's Church Plan Projects, Banquet The steering committee of the Men of St. John's, a new organization of St. John's Lutheran Church, Fourth and Arch streets, met Tuesday night to discuss the formation of individual committees to arrange various projects of work for the association.

Projects discussed include an ushers work group; transportation system; congregational projects; church work projects and a banquet for the Men of St. John's on April 14 at 6:30 p. m.

An entertainment committee for the banquet was named and includes J. Millard Hughes, chairman; Howard Hoyle, George Brown, Ernest E. Brown, pianist, and Earl Robinette. Skits and novelty numbers were suggested. The men's class meeting is scheduled for March 17.

Members of the steering committee present include Maurice Early, chairman; Raymond Hahne, J. Millard Hughes, William Reed, Robert Rizer, Ralph Klavuhn, George Brown, Earl Robinette, Ronald Callett, Lester Hudson and Rev. Russell E. Fink. Refreshments were served after the meeting.

Local Student Is In College Play Raymond Vernall, son of Mr. and Mrs. Earl Vernall of 403 Avirett Avenue, will play the part of Major Banley in the production of "Blue Denim," at the State Teachers College, Indiana, Pa., on March 12, 13, and 14.

Mr. Vernall, a senior in the ISTC music department, is a student and president of the Student Council, vice president of the Kappa Delta Rho, social fraternity, and member of Phi Mu Alpha, honorary music fraternity.

There were 136,000 medical surgical and obstetrical benefits during the year, Blue Shield said. A similar report on Blue Shield, which concerns medical and surgical benefits, showed benefits paid totaling \$5,800,000, as compared with subscription income of \$6,400,000.

Blue Cross enrollment increased to 1,018,000 in 1958, the announcement said, with more than 193,000 subscribers receiving hospital benefits.

# Cumberland Free Library Marks 35th Anniversary

By CHARLES H. KELLY News Staff Writer

Thirty-five years ago tomorrow the Cumberland Free Public Library officially opened its doors at 72 Greene Street on the premises now occupied by the Girl Scout Headquarters.

Miss Mary G. Walsh, who has been librarian since the opening date, March 1, 1924, said the library contained some 1,650 books, half of which had been gifts including official records of the Civil War still available on the reserve shelf.

The board members in 1924 were Albert A. Doub Sr., president; Dr. Thomas W. Koon, vice president; Tasker G. Lowndes, treasurer; John J. Tipton, secretary; Mrs. Anna M. McCleave, who gave the library its first encyclopaedia Britannica; Mrs. Margaret S. Upham, Isaac Hirsch, Henry Shriver and Wilbur V. Wilson.

Miss Walsh became librarian after being a teacher of French for five years at Allegany High School. She studied French at Notre Dame of Maryland and received her degree at Columbia University.

Moved In 1934 On June 5, 1934, the library was moved to its present location, which formerly housed the Allegany County Academy until the school closed its doors in 1929. At that time the library had 14,400 volumes. Today it has 63,000 volumes, Miss Walsh said.

The formal opening at the new location was held on June 19, 1934. The principal speaker was Governor Albert C. Ritchie. During the first 10 months of operation, the library had a circulation of 28,000 volumes. Last year's circulation was over 250,000 volumes.

Each year the City of Cumberland makes an appropriation for the upkeep of the library. This is supplemented by gifts from individuals and organizations. Books have been presented to the library in memory of deceased persons and also have been presented by organizations including the American Association of University Women, Cumberland Woman's Civic Club, Allegany Homemakers, Rotary Club, Kiwanis Club and Junior Association of Commerce.

A unique contribution shared by the Cumberland Lions Club are ceiling projectors for use by invalids in local hospitals and county institutions who like to read. The books are on microfilm and flashed on the ceiling. An unusual book in the library is the Poly Bible written in braille for use by blind persons.

Annually high school and college students and adults visit the library for the purpose of doing reference work.

Completion of the entire new church property on the site of the old Roman home is expected by September or October.

Operates Two Branches W. Wallace McKaig, current member of the board, who gives generous assistance in library work here, last year received the first trustee citation ever presented by the Maryland Library Association.

The library maintains two branches in Cumberland. The Pennsylvania Avenue School branch with some 5,000 volumes is in charge of Mrs. Ralph Rice, while the John Humbird School branch is in charge of Mrs. Charles Aronholt.

The present president of the Library Board is James A. Avirett, successor to Wilbur Wilson, who resigned. Miss Walsh pointed out that the library is on land which was donated for "educational purposes" by the heirs of Thomas Beall of Samuel, founder of Cumberland.

Three area men have enlisted in the Navy, according to Chief Lawrence C. Elliott, petty officer in charge of the local Navy recruiting station.

Carl Frederick Hinebaugh, son of Mrs. Hazel Hinebaugh, Deer Park, enlisted for four years. Hinebaugh attended Southern High School, Oakland.

John Stewart Moore, son of Mr. and Mrs. George Moore, Deer Park, enlisted for four years. Moore had previous service in the Army.

Donald Bazter Shreve, son of Mr. and Mrs. John Shreve, Moorefield, W. Va., enlisted for four years.

The three men were sent to the Naval Training Center, Great Lakes, Ill., for recruit training.

Intruder Enters Appliance Company The Bennett Appliance Sales Company, 119 North Centre Street, was broken into during Thursday night and the safe was tampered with by the intruder, who was unable to open it, city police said yesterday.

City Police Detective Lieutenant James E. Van said the breaking and entering was discovered yesterday morning by an employee.

The intruder, Van said, gained entrance through a rear window which was forced open with the use of a jimmy bar. The hinges were knocked off the door of the safe, although the intruder was unable to open it.

The window was still open when the employee reported for work.

Rotary Club To Meet The Rotary Club will hold its weekly meeting Tuesday at 12:15 p. m. at Central YMCA.

# Parking Ban To Be Lifted For 30 Days

Double-Headed Meters Installed

Police and Fire Commissioner Philmore Fleming announced yesterday that the 4 to 6 p. m. parking ban on parts of North Centre and North Mechanic streets will be lifted for a trial period beginning Monday.

The announcement came as the Police Department was completing installation of double-headed parking meters on the areas.

Commissioner Fleming said the parking ban will be lifted for 30 days on the portion of the street between Frederick and Baltimore streets.

Will Cooperate He said the Police Department will try to meet the merchants along the streets half-way, and that if the double-headed meters work satisfactorily, they will be extended as far as Market Street eventually.

A few parking spaces will be lost, he said, but there are hopes that the plan may be the answer to the problems of merchants who complained business was curtailed by the ban on parking.

The commissioner warned, however, that if traffic continues to increase at the present rate, it is only a matter of time until no parking can be allowed on heavily traveled streets.

Can Shoot In Mr. Fleming said a recent tour of the downtown meters showed that people were not parking overtime on meters but were transacting their business and getting out of the parking spaces.

The double-headed meters have been set up on the streets between Baltimore and Frederick Street. Red or yellow lines have been placed between the meters so that motorists can shoot in or out of the spaces without holding up traffic.

Commissioner Fleming said it is important that motorists pull right up to the meters, as the plan would be defeated if the pull-out space were used for parking.

Red lines have been used between meters on Centre Street and yellow lines on North Mechanic Street, since most stores on the latter street have no access except from the street.

The color of the lines, he said, may be changed if needed.

# Hearing Set March 11 On Liquor Bill

A hearing on House Bill 352, which would allow Allegany County residents to vote in 1960 on a plan to extend liquor selling for one hour on weekdays, will be held Wednesday, March 11, at 3:30 p. m. in the State House.

Del. Fred B. Driscoll, chairman of the Allegany County Delegation and co-sponsor of the bill with Delegates Conlon, Cook and Walsh, stressed that the bill will make no change in the closing hours of taverns, and will not change the Sunday closing.

He said it would only allow establishments to sail from midnight to 1 a. m. on weekdays, when they are open under present law.

Today, they are allowed to be open until 1 a. m. on weekdays except Saturday nights, but sales must stop at midnight. On Saturday night the places must be cleared by midnight.

The Senate has enacted House Bill 305 sponsored by Del. Elza Bray of Garrett County which would license volunteer firemen, veterans, religious and non-profit charitable organizations for bingo, raffles, carnivals and use of paddle wheels in that county.

Master Sergeant and Mrs. Murray Eccleton, who will end a 10-day visit here Monday with Mrs. Eccleton's sister, Mrs. Russell L. Minnick, 740 Greene Street, will go to Wiesbaden, Germany, where he will be stationed for the next three years.

Sgt. Eccleton, who is a native of Michigan, has been stationed at Fort Bliss, near El Paso, Texas, as they will go from here to the McGuire Air Force Base at New York and will fly to Germany.

William H. Buchholz, 713 Fayette Street, former city councilman, last night was reported improving at Memorial Hospital where he has been a patient since February 12.

Births Memorial Hospital Mr. and Mrs. Cornelius Baggett, 714 Shriver Avenue, a daughter last night.

Mr. and Mrs. Robert P. Toey, RFD 5, city, a daughter last night.

Mr. and Mrs. Thomas T. Brown, RFD 1, Oldtown, a son last night.

Mr. and Mrs. Jack E. Bower, RFD 1, Buffalo Mills, Pa., a son yesterday.

Mr. and Mrs. Bernard I. Wernick, Wiley Ford, a daughter yesterday.

Mr. and Mrs. Leroy Robertson, Oldtown, a son yesterday.

South End Firemen Check Grass Fire Firemen from South End station yesterday afternoon extinguished a grass fire along Hawthorne Avenue near Hill Top Drive. The call was received at 4:10 p. m.

Last night firemen at Central Fire Station received a call from a resident of Hill Street who said a number of fires had been set within the past week. She was concerned about such a fire setting her house afire. Firemen in turn notified city police.

Motorboat Tax Bill Delayed To Next Year Gov. Tawes requested the House Ways and Means Committee to delay action for a year after taking note of some objections raised against the bill at a hearing Thursday.

The federal government is going to license motors from 10 horsepower up starting next April unless the states do it. The 1960 Maryland Legislature will be in session in February and it can "adopt such a law if it considers it advisable," Gov. Tawes stated.

The proposed state bill was drafted by John Tawes, chairman of the Tidewater Fisheries Commission, and introduced with consent of the governor.

Papers Go Through

Flu has also taken its toll of Times-News carrier boys but the Circulation Department reported yesterday that like the mail, newspaper deliveries "are going through."

About a dozen of the carrier boys are flu victims but their routes are being covered by other boys who are doubling up on both afternoon and morning routes and by parents who are covering their boys' routes in cars delivering papers and making collections.

The Circulation Department said the situation is not as bad as that during last year's flu outbreak here and it added "everybody is doing a good job despite it all. The job being done is appreciated both by the customers and the newspapers," the department added.

State Police said the boy reportedly was on the way to the store with his eight-year-old sister when he darted across the highway into the path of a car being driven west on U. S. Route 40 by Laura E. Densmore, 66, of 74 Washington Street, Frostburg.

The accident occurred about 4:45 p. m. near the intersection of Route 40 and Miller Avenue. Trooper Charles T. Snow investigated.

# Will Start Work

The John S. Cook contracting firm notified the City Engineering Department yesterday that it plans to repair the sidewalk in front of the Coca Cola Bottling plant on Monday, if weather permits. The slab to be replaced lies above a city conduit.

# Governor Still Seeks Leader For Md. Police

List Of Prospects Getting Study

By LOUIS G. PANOS  
ANNAPOLIS (AP)—Gov. Tawes was reported still scanning a list of prospects Friday in search of a new Maryland State Police superintendent.

Among those mentioned as possible choices were Sheriff Raymond A. Fulker of Harford County and Police Chief Charles Main of Frederick.

Fred Ford, former chief inspector of the Baltimore Police Department and a candidate mentioned in earlier reports, visited the State House Friday and acknowledged he is interested in the post.

At various stages of speculation about who might succeed Col. Elmer F. Munshower, the present superintendent, the name of Maj. William H. Weber, his executive officer, has been most prominent of the 10 or so under consideration.

Weber, with 32 years in the department, has been the central figure in a vigorous behind-the-scenes struggle for the appointment. The department has never been commanded by a man from the ranks.

The veteran officer, endorsed by many callers to the governor's office, also faces stiff opposition in the Senate, which must confirm the nomination. The bulk of this comes from Eastern Shore senators.

Gans Report Studied

When the governor failed to include the State Police nomination along with 39 other nominees to state office in his green bag last Wednesday, he was said to be holding up the nomination to study the Gans Commission report.

This report was submitted by a State Bar Assn. committee headed by Hilary W. Gans after a study of alleged irregularities in the State Police Department. The committee had been requested by Theodore R. McKeldin, then governor, to look into the allegations, made by the Criminal Justice Commission.

The bar committee absolved Weber and the department of the accusations.

Aides to the governor have indicated his choice for the police superintendency will not be made known at least until late next week.

Officers of Local 1874, Textile Workers Union of America, were installed last night at a ceremony in the union hall.

The officers were installed by John G. Thomas, president, in his capacity as a TWUA officer.

Mr. Thomas obligated the officers after Ralph Cline, Washington, TWUA representative here to officiate at the ceremony, was called home by illness in his family.

Mr. Cline yesterday headed the Local 187 committee which began active negotiations for a new contract at the Amcelle plant.

The meeting, Mr. Thomas said, was largely preliminary. Plans were made to resume the contract negotiations March 12 at 10 a. m. at the Amcelle plant.

Men Of St. John's Church Plan Projects, Banquet

The steering committee of the Men of St. John's, a new organization of St. John's Lutheran Church, Fourth and Arch streets, met Tuesday night to discuss the formation of individual committees to arrange various projects of work for the association.

Projects discussed include an ushers work group; transportation system; congregational projects; church work projects and a banquet for the Men of St. John's on April 14 at 6:30 p. m.

An entertainment committee for the banquet was named and includes J. Millard Hughes, chairman; Howard Hoyle, George Brown, Ernest E. Brown, pianist, and Earl Robinette. Skits and novelty numbers were suggested.

The men's class meeting is scheduled for March 17.

Members of the steering committee present include Maurice Early, chairman; Raymond Hahne, J. Millard Hughes, William Reed, Robert Rizer, Ralph Klavuhn, George Brown, Earl Robinette, Ronald Catlett, Lester Hudson and Rev. Russell E. Fink. Refreshments were served after the meeting.

# Cumberland Free Library Marks 35th Anniversary

By CHARLES H. KELLY  
News Staff Writer

Thirty-five years ago tomorrow the Cumberland Free Public Library officially opened its doors at 72 Greene Street on the premises now occupied by the Girl Scout Headquarters.

Miss Mary G. Walsh, who has been librarian since the opening date, March 1, 1924, said the library contained some 1,650 books, half of which had been gifts including official records of the Civil War still available on the reserve shelf.

The board members in 1924 were Albert A. Doub Sr., president; Dr. Thomas W. Koon, vice president; Tasker G. Lowndes, treasurer; John J. Tipton, secretary; Mrs. Anna M. McCleave, who gave the library its first encyclopaedia Britannica; Mrs. Margaret S. Upham, Isaac Hirsch, Henry Shriver and Wilbur V. Wilson.

Miss Walsh became librarian after being a teacher of French for five years at Allegany High School. She studied French at Notre Dame of Maryland and received her degree at Columbia University.

Moved In 1934

On June 5, 1934, the library was moved to its present location, which formerly housed the Allegany County Academy until the school closed its doors in 1929. At that time the library had 14,400 volumes. Today it has 63,000 volumes, Miss Walsh said.

The formal opening at the new location was held on June 19, 1934. The principal speaker was Governor Albert C. Ritchie. During the first 10 months of operation, the library had a circulation of 28,000 volumes. Last year's circulation was over 250,000 volumes.

Each year the City of Cumberland makes an appropriation for the upkeep of the library. This is supplemented by gifts from individuals and organizations. Books have been presented to the library in memory of deceased persons and also have been presented by organizations including the American Association of University Women, Cumberland Woman's Civic Club, Allegany Homemakers, Rotary Club, Kiwanis Club and Junior Association of Commerce.

A unique contribution shared by the Cumberland Lions Club is ceiling projectors for use by invalids in local hospitals and county institutions who like to read.

The books are on microfilm and flashed on the ceiling. An unusual book in the library is the Poly Bible written in braille for use by blind persons.

Annually high school and college students and adults visit the library for the purpose of doing reference work.

Completion of the entire new church property on the site of the old Roman home is expected by September or October.

Operates Two Branches

W. Wallace McKaig, current member of the board, who gives generous assistance in library work here, last year received the first trustee citation ever presented by the Maryland Library Association.

The library maintains two branches in Cumberland. The Pennsylvania Avenue School branch with some 5,000 volumes is in charge of Mrs. Ralph Rice, while the John Humbird School branch is in charge of Mrs. Charles Aronholt.

The present president of the Library Board is James A. Avirett, successor to Wilbur Wilson, who resigned. Miss Walsh pointed out that the library is on land which was donated for "educational purposes" by the heirs of Thomas Beall of Samuel, founder of Cumberland.

Blue Cross Loses Money

BALTIMORE (AP)—The Maryland Blue Cross plan says it lost money last year, paying out about 2 per cent more than it collected in subscription charges.

Reginald H. Dabney, executive director of Maryland Hospital Service Inc., said Friday that the hospital insurance firm lost \$1,800,000 during 1958. The amount paid out was \$23,700,000, he said, as compared with \$23,300,000 received in subscription charges.

Administrative expenses during the year amounted to \$1,200,000, Dabney said, and reserves at year's end stood at \$3,400,000, as compared with \$5,200,000 a year earlier.

Blue Cross enrollment increased to 1,018,000 in 1958, the announcement said, with more than 193,000 subscribers receiving hospital benefits.

A similar report on Blue Shield, which concerns medical and surgical benefits, showed benefits paid totaling \$5,800,000, as compared with subscription income of \$6,400,000.

There were 136,000 medical surgical and obstetrical benefits during the year, Blue Shield said.

Local Student Is In College Play

Raymond Vernall, son of Mr. and Mrs. Earl Vernall of 403 Avirett Avenue, will play the part of Major Benham in the production of "Blue Denim," at the State Teachers College, Indiana, Pa., on March 12, 13, and 14.

Mr. Vernall, a senior in the ISTC music department, is a member and president of the Student Council, vice president of Kappa Delta Rho, social fraternity, and member of Phi Mu Alpha, honorary music fraternity.

Intruder Enters Appliance Company

The Bennett Appliance Sales Company, 119 North Centre Street, was broken into during Thursday night and the safe was tampered with by the intruder, who was unable to open it, city police said yesterday.

City Police Detective Lieutenant James E. Van said the breaking and entering was discovered yesterday morning by an employee.

The intruder, Van said, gained entrance through a rear window which was forced open with the use of a jimmy bar. The hinges were knocked off the door of the safe, although the intruder was unable to open it.

The window was still open when the employee reported for work.

Rotary Club To Meet

The Rotary Club will hold its weekly meeting Tuesday at 12:15 p. m. at Central YMCA.

# Parking Ban To Be Lifted For 30 Days

Double-Headed Meters Installed

Police and Fire Commissioner Philmore Fleming announced yesterday that the 4 to 6 p. m. parking ban on parts of North Centre and North Mechanic streets will be lifted for a trial period beginning Monday.

The announcement came as the Police Department was completing installation of double-headed parking meters on the areas.

Commissioner Fleming said the parking ban will be lifted for 30 days on the portion of the street between Frederick and Baltimore streets.

Will Cooperate

He said the Police Department will try to meet the merchants along the streets half-way, and that if the double-headed meters work satisfactorily, they will be extended as far as Market Street eventually.

A few parking spaces will be lost, he said, but there are hopes that the plan may be the answer to the problems of merchants who complained business was curtailed by the ban on parking.

The commissioner warned, however, that if traffic continues to increase at the present rate, it is only a matter of time until no parking can be allowed on heavily traveled streets.

Can Shoot In

Mr. Fleming said a recent tour of the downtown meters showed that people were not parking overtime on meters but were transacting their business and getting out of the parking spaces.

The double-headed meters have been set up on the streets between Baltimore and Frederick Street. Red or yellow lines have been placed between the meters so that motorists can shoot in or out of the spaces without holding up traffic.

Commissioner Fleming said it is important that motorists pull right up to the meters, as the plan would be defeated if the pull-out space were used for parking.

Red lines have been used between meters on Centre Street and yellow lines on North Mechanic Street, since most stores on the latter street have no access except from the street.

The color of the lines, he said, may be changed if needed.

# Hearing Set March 11 On Liquor Bill

A hearing on House Bill 352, which would allow Allegany County residents to vote in 1960 on a plan to extend liquor selling for one hour on weekdays, will be held Wednesday, March 11, at 3:30 p. m. in the State House.

Del. Fred B. Driscoll, chairman of the Allegany County Delegation and co-sponsor of the bill with Delegates Conlon, Cook and Walsh, stressed that the bill will make no change in the closing hours of taverns, and will not change the Sunday closing.

He said it would only allow establishments to sail from midnight to 1 a. m. on weekdays, when they are open under present law.

Today, they are allowed to be open until 1 a. m. on weekdays except Saturday nights, but sales must stop at midnight. On Saturday night the places must be cleared by midnight.

The Senate has enacted House Bill 305 sponsored by Del. Elza Bray of Garrett County which would license volunteer firemen, veterans, religious or non-profit charitable organizations for bingo, raffles, carnivals and use of paddle wheels in that county.

Members of Western Maryland Lodge, B'nai B'rith, Thursday night elected Elva Sender Lewine president-elect for 1960.

Robert Kaplan will serve as president this year, having been elected in 1958. During an election held at Beth Jacob Synagogue, Leonard Schwab was named first vice president for the coming year.

Other officers include Paul Steinberger, second vice president; Frank Kaplan, secretary; Harry Stein, treasurer; George Ossip, warden; William Stein, guardian; Robert Goldfine, Robert Gerson and Harry Olin, trustees.

Rabbi Max Selinger, of B'er Chayim congregation, and Rabbi Bertram Cohen, of Beth Jacob congregation were named chaplains.

The installation of officers will be held in April. A special committee has been appointed to arrange the meeting.

South End Firemen Check Grass Fire

Firemen from South End station yesterday afternoon extinguished a grass fire along Hawthorne Avenue near Hill Top Drive. The call was received at 4:10 p. m.

Last night firemen at Central Fire Station received a call from a resident of Hill Street who said a number of fires had been set within the past week. She was concerned about such a fire setting her house afire. Firemen in turn notified city police.
